## September

Do you remember the 21st night of September?  
Love was changing the minds of pretenders  
While chasing the clouds away

Our hearts were ringing  
In the key that our souls were singing  
As we danced in the night  
Remember how the stars stole the night away

Hey hey hey  
Ba de ya, say do you remember?  
Ba de ya, dancing in September  
Ba de ya, never was a cloudy day

Ba duda, ba duda, ba duda, badu  
Ba duda, badu, ba duda, badu  
Ba duda, badu, ba duda

My thoughts are with you  
Holding hands with your heart to see you  
Only blue talk and love  
Remember how we knew love was here to stay  
Now December found the love we shared in September  
Only blue talk and love  
Remember true love we share today

Hey hey hey  
Ba de ya, say do you remember?

## From the President

Pres. RJ Ermita

Welcome to the Rotary month of September!

Worldwide, we Rotarians celebrate the **New Generations Service Month**. As such, our focus is on developing young men and women, who will bring new life into the world of service to others. They are the people who will sustain the mission of Serving above self!

Come to think of it, the very essence of our membership recruitment is to give individuals who have the desire to be of service to others, just like us, an avenue in Rotary (particularly RC Pasig) where they can put into action their underlying desire. Not to mention of course that we have fun while doing this too. But, just like us, we had this desire to help within each of us prior to becoming Rotarians. This desire to help and the underlying values and principles with it, come from our family, our experiences and education.

The month of September is the time that final preparations are being done by the teachers in preparing for the resumption of public school operations in October. This opening should have been last August 24. However, because of the lack of resources, delay in equipment and the need for more faculty training, The Department of Education, decided to move the opening to October. The sheer volume and scale of the needed intervention and adjustments to the teaching-learning process is the challenge. But as the saying goes...*the show must go on*. The schools should open. Education is key to our recovery.

## From the President

Pres. RJ Ermita

*Continuation 1.*

It is in this regard that I call on all of you to help in whatever way we can, our adopted schools and scholars of Rizal Highschool, Pamatasan ng Lungsod ng Pasig and Ilugin Elementary School, in their desire to continue on with studying and making learning work in the new normal.

Such is the circle of life. We are born and nurtured by our parents. We educate our children to be skilled, principled and value driven individuals, so that side from taking care of us in our old age, they are able to mold the next generation for a better and meaningful life.

Such is the circle of Rotary. We were molded to serve others, and in helping others, we are molding the future generations of Rotarians to be like us.

In the 50<sup>th</sup> year of the Rotary Club of Pasig, I remain..

Yours in SERVICE,

RJ H. Ermita

## Rotary Notes

PP Benny P. De Guzman

Last Monday was truly a Red Letter Day. After more than a decade from his best seller of helping our country, our very own Alex Lacson came out with a true master piece, “Five Hundred Years Without Love”. Pres RJ, RID Raffy, PPs Celso & Peter and Rtns Manfred & Fr. Kell attended as Pasig Rotarians. It was a successful launching via zoom with the participation of many friends of our dear Alex. The panelists were Bishop Roderick Pabillo, Solita Collas Monsod and Ben Punongbayan who is Chair of the Buklod Party that Alex is busy endorsing. RID Raffy is trying to get as many books he will give as give-aways to show the kind of author our Alex is and how he has grasped the spirit of nationalism. Many other Rotarians have committed. Based on the initial response will a second printing be in order?

One of the true spark plugs of ARAP then and now went to rest after battling a major ailment for weeks was Ditas Zamora Lerma. She left us after valiantly fighting a major growth as she refused to undergo an operation. She preferred to die with it. ***Dalawa na silang patay.*** Her husband Cuchi, a former member pre-deceased her by more than 7 years.

She has maintained the number of Rotarians going ahead of their spouses. We now must have at least 84 Rotarians and about 31 spouses who have passed away. During this lockdown we have already lost three - Kel Pascual, Jun Yasay and Tony Lecaros to a lone Ditas from ARAP.

I thought for a while that with us using zoom Chony will be with us more often. The birthday day last Monday was greeted by many among the Noblemen of Pasig. He shares birthday with the

It is nice to have Rtn Allan back to our fold. With the number of new members, it is about time those who recently left will come back. Manoj can be asked. Wowie need not be asked to come back, *ayaw lang talagang magattend*. PP Henry Uy is busy always making comments in Facebook, *baka* he can rejoin and get feed backs from fellow realtors PP Ed and Dir. Sonny R.

Forever *na ba tayo sa* Rizal Medical Center? There are other areas. The frontliners were also honored as today's national heroes. Rightfully so. While most of us are too scared to go out, they are exposed all through the day practically 24/7. Valenzuela honored a young neonatologist who was a Covid 19 victim leaving her doctor husband also as exposed. We have supported Rizal Medical frontliners continuously and we must not give up at this stage. Our golfers are awed by Yuka Saso's back to back top honors in Japan earning her a cool 27 Million Pesos. Government should not tax that. Another Filipina top the unbroken record of Lydia Vega Mercado. But she, like Saso is also carrying a foreign name, Kristina Knott. In sports then, first time he ran for senator, Freddie Webb got more votes than GMA. Robert Jaworski also went to the Senate but both were one timers *dahil panay dribble lang*. *Si* Pacquiao *na lang ang tunay na* local sa pangalan. Let us look at sports for our other projects even for Pasig alone.

## PRESIDENTIAL MESSAGE

**Holger Knaack**

**President 2020-21**

**September 2020**

Rotary youth exchange — one of the many programs for youths and young adults that we celebrate this month — was my path into true engagement in Rotary. My wife, Susanne, and I began hosting exchange students soon after I joined, and the experience helped me go from simply being a member of my Rotary club to being a true Rotarian. Now Rotary Youth Exchange is a family tradition, and a strong one: Over the past 24 years, we have hosted 43 students!

From the start, we loved it so much that, in addition to hosting students in our home, we became involved with the program by helping to organize student summer camps. During one such camp, I met Christine Lichtin, who was a German high school student at the time and whose father is a past president of my Rotary club. To try something new during this year of embracing change, I am turning this space, normally reserved for the president of Rotary, over to Christine so she can share her story.

My first contact with Rotaract was about 13 years ago, when I was with Susanne and Holger at a barbecue for the summer youth camp. Holger turned to me and said: "Why don't you visit a Rotaract club? You'll meet a lot of great young people who come together to have fun and to make a difference."

A few years later, when I was at Trier University, his words came back to me and I decided to give it a try. That was more than eight

years ago, and I'm still at it. Once you are in Rotaract, you just don't want to get out. Rotaract has accompanied me everywhere, starting with the Trier club and then on to a club in Bologna, Italy, during the year I studied there. When I was in Kiel for my master's degree, I got involved with Rotaract there before landing at the Rotaract Club of Hamburg-Alstertal as I began my career. Each of those clubs has its own identity and focus, but all have the same intrinsic motivation.

I am now taking on a senior advisory role in my Rotaract club, which I really enjoy. I carry Rotaract in my heart, and it shapes my values, even as my interests evolve. One day, as if she had sensed this evolution, Susanne knocked on my door, wanting to introduce me to a young, modern Rotary club located between Hamburg and Mölln, my hometown. The E-Club of Hamburg-Connect, which Susanne helped charter, holds e-meetings, all of them very relaxed and personal. With members of different ages, everything just seemed to fit, so I thought, why not try it out? After all, time is precious and should be filled with fun whenever possible; the rest happens by itself.

Now I am in both worlds — a proud member of Rotaract and a Rotarian. And my small personal goal is to build a bridge between these two parallel worlds. All of us have very similar reasons for being part of the Rotary family.

It took some persistence to persuade Christine to become a member of Rotary, but it was well worth the effort. It is our duty to put in this kind of effort with youth program participants and Rotaractors so we can keep them in the family of Rotary. I hope you were inspired by her story. It's up to each of us to ensure that more young people like Christine can experience the many ways Rotary Opens Opportunities for us and for the people we serve.

## A Book Review

“**Five Hundred Years Without Love**” is the thought-provoking title of a new book launched last Monday, National Heroes Day, by bestselling author Alex Lacson, a Pasig Rotarian.

Done in an engaging webinar format that was attended by over 1,500 people in both zoom and 2 Facebook Live Accounts, the launch was highlighted by thoughtful reflections from three prominent reactors, Bishop Broderick Pabillo, Prof Solita Monsod and Mr Ben Punongbayan, as well as music and a live performance from artist Gary *Granada*, who performed two of his most powerful songs – Bahay and Kahit Konti and moderated by the excellent Boy Abunda.

Alex Lacson is also the author of “*12 Little Things Every Filipino Can Do To Help Our Country*”, which became an instant national bestseller when it first came out in 2005.

## FIVE HUNDRED YEARS

“Five Hundred Years Without Love” is Alex Lacson’s first novel. It tells the story of the members of a poor family, who work in different sectors, each of whom suffers from the ills that contribute to the collective worsening social cancer plaguing our country. Their daily struggles, misery and reality mirror what is happening to millions of Filipino families today.

The story of Anton Hinirang and his family reflects our own story and journey as a people. It reflects the story of the Filipino in the last 500 years.

## OUR COUNTRY’S SOCIAL CANCER

# Tinig Tidbits

By: PP Peter M. Javier

## *Continuation 1.*

“FIVE HUNDRED YEARS WITHOUT LOVE” is a gripping novel that takes a comprehensive and wholistic view of the country's present-day social cancer, 133 years after Dr. Jose Rizal wrote his "NOLI ME TANGERE" in 1887.

In Noli Me Tangere, the Philippines’ national hero Jose Rizal exposed the country’s social ills during his time – the corruption, abuses, injustices and immoralities of the friars and Spanish authorities who occupied the Philippines for close to four centuries.

In this novel, Alex Lacson painstakingly exposes the various root causes of our country’s social malaise at present, which results in the continuing massive poverty, powerlessness and misery among majority of the Filipino people.

The year 2021 is the 500th year of Christianity's arrival in the Philippines. If we count the coming of the Spaniards in 1521 as the beginning of our quest for nationhood, then 2021 will be the 500th year of our story as a country.

Paradoxically, those last five hundred years were a period of greed, abuse, injustice and immorality. Those were years of social cancer, when the few with the power and influence took advantage of the many who were poor, ignorant and powerless.

Five centuries when a great many Filipinos lived without dignity. Five hundred years without love.

For almost four centuries, the Filipinos were colonized and enslaved by foreign rulers – first by the Spaniards, followed by the Americans and the Japanese. Nowadays, many of our people continue to be enslaved, by their own kind, in many political

*Continuation 2.*

territories and corporate fences. Today, the worst enemy of the Filipino people is the Filipino himself.

There is so much history of the Filipino in the novel.

## **HOPE FOR THE COUNTRY**

But “FIVE HUNDRED YEARS” is not merely about the social ills of our nation. It is also about hope. It also offers a possible cure or solution.

In the last portion of the book, Alex Lacson talks about "A Dream Philippines".

It is a vision of a developed, prosperous and more humane nation which can be achieved if we can implement a package of reforms, mostly economic, which are discussed in the chapter.

These reforms are based on the successful policies and programs of 12 countries that could serve as model countries for the Philippines, as far as those successful policies and programs are concerned.

Through this novel, Alex Lacson hopes to contribute to our pursuit of a Dream Philippines. His hope is that the book will reach our youth, particularly those in Gr 9 or 10 studying the Noli/Fili, as a companion book for reflection and a call to action.

## **ABOUT LOVE**

In its core, the book is about love, particularly love for the least and last. It is about brethrenhood and the common good. It is against greed, lust for power, abuse of power and position, immorality.

# Tinig Tidbits

By: PP Peter M. Javier

## *Continuation 3.*

It is about how we can build a country with love, brethrenhood, and the common good as its foundations.

It is about how we can make the Philippines a better country, and make the Filipino great and respected in the global community – with love as our weapon.

## **ABOUT FAITH**

The book is also about the author's faith.

60 years ago, South Korea was a very poor country. 90% of its people were extremely poor. It was called the impossible country by many foreign writers. 60 years ago, Singapore was also a very poor and backward country. So was China. 60 years ago, Philippines was much better than Singapore, South Korea and China.

*“If these countries were able to find their path to development and progress, the Filipinos can also find their way to a better future,”* said Lacson. *“We have all the essentials we need to succeed as people.”*

Lacson believes that the solution to our many problems is not rocket science. He said that the solution to our many problems is already within us. *“It is in our hearts. Love is the answer to all our problems.”*

*“The first thing that we must clean up in this country is our hearts, especially the hearts of our leaders in government and in business.”*

*“I believe that if our leaders, in government and in business, would see God in each of their fellow human beings, and discover*
