THE FOUR-WAY TEST

of the things we think, say or do:

- Fourth** : The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.

Song of the Day

RJ DID IT HIS WAY

{Adapted from My Way}

And now his term will end
And so he's called his final meeting
They were all virtual meetings
On the club's 50th year celebration
His year was a challenging one
Caused by the COVID-19 pandemic
In spite of it we now all know
RJ did it his way

Regrets he's had his share
But then again so did the others
He led the club in doing good
In all of RI's areas of focus
His Transforming team did it so well
So district awards were aplenty
And so we all now know
RJ did it his way

Yes there were times we're sure he knew
When he bit off much more than he could chew
But through it all when there was doubt
He gave it up and threw it out
He faced it all and he stood tall
RJ did it his way

Song of the Day

Continuation 1.

He's loved, he's laughed and cried
He's had his fill, his share of winning
And now as his year ends
He'll find it all so fulfilling
To think of what he's done
And as we know but in his own way
Oh yes, oh yes that's him
We call him RJ

For what is a man what has he done
If for himself then it is none
But to do the things that truly serve
Not just by words but by good deeds
The record shows what he has done
And in his own way

Yes... 'twas RJ's own way

(Lyrics adaptation by PP Peter)

From the President

Pres. RJ Ermita

A Happy Rotary Thursday to all Pasig Rotarians!

Fortunately, or unfortunately, this is the last day that I will preside over our club meetings as your president.

It was indeed a very interesting, challenging yet fulfilling year for me. I hope that you feel the same way too.

Last Saturday, during the 2021 District 3800 Awards Night, I had the honor of representing our club and was pleasantly surprised and proud to receive 30 individual and club awards. For the first time in so long, RC Pasig was given the highest distinction as **ROTARY CLUB OF THE YEAR** and yours truly, as **TRANSFORMING PRESIDENT OF THE YEAR!**

I would like to thank all the members of the Golden board for the focus and dedication to our objectives. Likewise, I would like to thank each and every Pasig Rotarian who in their own way have contributed their time, talent and treasure to help others.

We may not be a club that is conscious of awards, but it is great to feel recognized for the good work that we do in serving others. The 50th year of the club was made memorable with all the recognitions we received.

Iba talaga ang Pasig Rotarian! Congratulations gentlemen!
CHEERS!!!

Today, I have the honor of awarding the 100 percent Attendance and Service Citation recipients among our members. Our

deserving member awardees have kept our club “ticking” and enduring in this difficult year and I thank each of you for the good work that you do.

The Rotarian of the Year and Distinguished Service awardees, as per tradition, will be announced during the induction ceremony of PE Garrick Ang in late July.

I call on all 101 Pasig Rotarians to keep the flame burning and support the incoming board led by Pres. Garrick Ang! His term is a continuation of the Golden year celebration of the club, and we are sure that with all our support, it will continue to be a memorable year for all of us.

Thank you for the privilege to serve as your president! It was indeed a colorful Rotary Journey for me!

On the 50th year of the ENDURING, MAGNIFICENT, INDEPENDENT and DEDICATED Rotary Club of Pasig, we remain..

Yours in Rotary,

RJ H. Ermita
Transforming President

Rotary Notes

PP Benny P. De Guzman

Today is the last official meeting of a truly great president, TP RJ, the third of the three sons of PPs of our club to assume the position. And all did very well. Better than their fathers? Why start my last column of this Rotary year with a divisive question? Intrigista? Not really, but RJ is the last of the sons of former club presidents. The other father-son teams have either returned their classifications and the remaining two are Ike and Gary and Cesar and Bebert. Louie Orosa is gone for good while the son opted out early. PP Ner's Carlo also backed out. Carlo could have been the fourth father-son team of PPs.

Congratulations to PP Rel and family for licking Covid-19 with a perfect slate. Many mischievous comments I have heard but not worth printing. Gumaling na nga. Stop na there.

Did you not notice we have had very good speakers but most were doctors. Is this a club of many sick members? But mind you, their topics are so relevant in today's situation and many practical things have been learned. From sleeping well during stressful conditions to proper easy breathing.

Big congratulations to our hard working congressman. Rtn Roman who supported the birthday of our good Mayor Vico by providing 100 bicycles complete with all gadgets and safety equipment including cell phones and a P2,000 load to the deserving lower echelon employees in Pasig government. The next may be bigger? Abangan!

I was happy that I have completed my Astra Zeneca vaccine only to be informed that a new variant may not respect the vaccine's effectiveness. Caution to all, better still use your face shield and mask. That is the best excuse to deny if accused of being elsewhere by our protective spouses. And for our peace of mind.

Rotary Notes

PP Benny P. De Guzman

Continuation 1.

The Korean basketball coach after losing their first game by 3 on a last 2 seconds shot said lucky win. Second game, our Gilas team won over the Korean team by 5 and his comment was lucky break. If there is a third game, and they will surely lose, I will give him an old pack in my souvenir bag, Lucky Strike cigarettes. Their only way to win is by a lucky strike.

I am still hopeful that our last meeting when this last column will come out will be an actual one, the first and only one for this Rotary year, to at least have some fellowship.

I failed to remember earlier a father and son team who both left because of an unacceptable fine imposed. A neighbor of PP Conrad should be one of the targets to return even if we have reached 100 members already. Continuing growth should be the norm.

We congratulate President RJ and his team for the many awards, all major ones for this Rotary year. I do not have the records but easily the most number of awards must have been in the term of PRID Raffy who went grand slam in all areas of service. Most outstanding club president RJ had a team of major awardees in PPs Jess, John, Nick, Jun and PRID Raffy plus 22 other awards. We cannot compare the numbers because we should go to percentages as each year the number of awards and criteria are different. It brings to fore that either IPP Nick and PP John are worth the ROY award. Can there be two? In the district awards. I saw our Tinig in 3rd place in the Class A category. Can rules be given before the start of any Rotary year? If we give awards and proclaim the rules after the awards, it will not be fair to all concerned. Consider the character of our Tinig which has yet to miss an issue and its contents. And the value of growing in Rotary are properly imbued in our Tinig. Where can we improve? Come let us take stock and improve.

ROTARY'S SECOND VIRTUAL CONVENTION HIGHLIGHTS ACCOMPLISHMENT IN POLIO, PROGRESS TOWARD ENDING COVID-19

Thousands of people experienced friendship and fun at Rotary International's second straight virtual convention. The event, held 12-16 June 2021, was conducted online after the convention originally planned for Taipei, Taiwan, was cancelled because of the COVID-19 pandemic.

Nearly 10,000 people registered for the robust program that included more than 20 guest speakers, informational and inspiring breakout sessions, the interactive House of Friendship, and a variety of engaging virtual activities and entertainment.

During the opening general session, Rotary International President Holger Knaack acknowledged that he was worried about how successful his presidency would be, since he couldn't visit clubs and projects and provide encouragement and support due to travel restrictions. "But what seemed like a problem turned out to be an advantage," he said. "By visiting clubs online, I could be everywhere, every day."

Knaack talked about how rewarding it was to be able to visit clubs and districts around the world in just one day. "In a virtual environment, I could visit a dozen Rotary clubs a week and participate in their projects. It was exciting and rewarding. And I was so proud of the work you did in such difficult times," he said. "The pandemic continues to bring great devastation and, for far too many, a very sad ending for people important to us," Knaack said. "We must continue to honor those who have passed and do

whatever we can to bring this devastation to an end as soon as possible.”

Despite the challenges of the past year, Knaack also highlighted successes, including the historic announcement that the World Health Organization’s African region had been declared free of the wild poliovirus. He encouraged Rotary to build on that positive news by staying focused on our commitment to ending polio worldwide. Until early May of this year, he said, just two cases of wild poliovirus were reported worldwide. Wild poliovirus is still circulating in only two countries: Afghanistan and Pakistan.

WHO Director-General Dr. Tedros Adhanom Ghebreyesus gave a video address to online attendees, crediting Rotary for continuing to focus on polio. “When COVID-19 struck, you didn’t abandon your vision of a polio-free world,” he said. “You redoubled your efforts.”

“The pandemic has highlighted that unprepared and underserved communities anywhere are a threat to health everywhere. Rotarians know this,” Tedros added. “And I want you to know that your investment in public health will inspire future generations to live up to your motto of Service Above Self.”

Dr. Seth Berkley, CEO of Gavi, the Vaccine Alliance, gave an update on COVID-19 vaccines and spoke about the importance of restoring access to routine vaccinations that were disrupted by the pandemic.

Berkley said 14 COVID-19 vaccines have been approved around the world and more than 1.4 billion people have been vaccinated in the “largest and most complex vaccine development

deployment in history.” Gavi is co-leading COVAX, a worldwide initiative aimed at establishing equitable access to COVID-19 vaccines. By the beginning of next year, Berkley said, more than 1.8 billion doses of the vaccine should be available to people living in the 92 lowest-income countries that otherwise would have limited or no access to the vaccine.

But COVID-19 vaccines aren’t the end of the story.

“Now with COVID-19 vaccines flowing, it’s going to be critical to maintain hard-won gains in immunization,” Berkley said, “to recover from the disruptions caused by COVID-19 and achieve even more by leaving no one behind in any situation or at any stage of life.”

He added, “As a valued partner of Gavi, Rotary International will play a key role in all this.”

Other convention guests and speakers included:

- Dr. Bruce Aylward, a senior adviser to the WHO director-general
- Eliud Kipchoge, an Olympic gold medalist and marathon world-record holder
- Vanessa Nakate, a climate activist and founder of the Rise Up Movement
- Anna Rosling Rönnlund, vice president of the Gapminder foundation
- Sanj Srikanthan, the CEO of ShelterBox

The general sessions were hosted by Mark Wright, a news anchor and Rotary member.

Convention attendees participated in virtual activities that included a cooking class, a trivia challenge, a dance party, a virtual photo booth, and a 5K walk to raise funds to end polio.

Glimpses of Our Last Meeting

TP Rj calls to order his 44th meeting which VP Bart emcees

HOF/PP Jess introduces Dr. Amiel Cornelio de la Cruz

Glimpses of Our Last Meeting

Managing COVID at home

- The WHO has released guidelines on home care since last year, where it recognized that home care can be considered for an adult or child with suspected or confirmed Covid-19 if in-patient care is unavailable or unsafe.
- Patients already discharged may also be cared for at home, if necessary.
- Though caring for an infected person at home instead of a medical facility pose higher risks, the isolation of an infected person can help break the transmission chain.

<https://businessmirror.com.ph/2021/04/15/what-to-do-when->

The decision as to whether to isolate and care for an infected person at home depends on the following three factors:

1. Clinical evaluation of the COVID-19 patient
2. Evaluation of the home setting
3. The ability to monitor the clinical evolution of a person with COVID-19 at home

World Health Organization. Home care for patients with suspected or confirmed COVID-19 and management of their contacts Interim guidance, 12 August 2020
[https://www.who.int/publications/i/item/home-care-for-patients-with-suspected-novel-coronavirus-2019-ncov-infection-](https://www.who.int/publications/i/item/home-care-for-patients-with-suspected-novel-coronavirus-2019-ncov-infection)

Who are qualified for home care?

- Asymptomatic patients
- Mild to Moderate without risk factors
- No shortness of breath
- No difficulty in breathing
- Respiratory rate should be **less than 30 breaths per minute**, and oxygen saturation rate should be **92 percent or higher**

Clinical evaluation of the COVID-19 patient

Who are not qualified for home care?

- Those with risk factors.
- Above 60 years old, smokers, obese, or with non-communicable diseases like cardiovascular disease, diabetes, chronic lung disease, chronic kidney disease, immunocompromised, and cancer.

Home Care Qualifications

- Separate room and bathroom
- Keep door closed
- Implement good delivery system for daily needs without contact with other individuals

Evaluation of the home setting

Quarantine versus Isolation

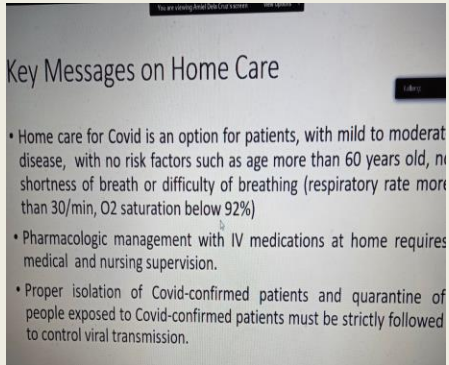

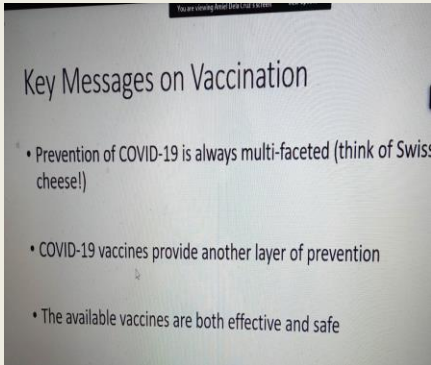

ISOLATION: For those who tested positive for COVID

- Separate patient into individual room, with a separate bathroom
- Stay home at least 10 days from onset of symptoms
- No fever for at least 24 hours without meds
- Symptoms have improved

Quarantine: For those who have had contact with a positive case

- Stay home for 14 days since last contact
- Watch out for symptoms
- Stay away from high-risk people
