# Invocation

Let us pray,

God of truth, Father of all, you send your Holy Spirit as you promised to bring together in love all whom sin has driven apart. Strengthen us to work for your blessings of unity and peace in the world. Grant this through Christ our Lord.

**Amen**

# THE FOUR-WAY TEST

**of the things we think, say or do:**

1. Is it the **TRUTH**?
  2. Is it **FAIR** to all concerned?
  3. Will it build **GOODWILL** and **BETTER FRIENDSHIPS**?
  4. Will it be **BENEFICIAL** to all concerned?

## Object of Rotary

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

- First** : The development of acquaintance as an opportunity for Service;
- Second** : High Ethical standards in business and professions; the Recognition of the worthiness of all useful occupations; and the dignifying of each Rotarian's occupation as an opportunity to serve society;
- Third** : The application of the ideal of service in each Rotarian's personal, business and community life;
- Fourth** : The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.

## Song of the Day

### AS TIME GOES BY

You must remember this  
A kiss's still a kiss  
Pero may kapalit  
The fundamental rules apply  
May bayad yan

And when two lovers woo  
Sa internet na lang  
On that you can rely  
No matter what the future brings  
Bayad muna

Moonlight and love songs,  
Wala na raw ganyan  
Hearts, full of passion may sama ng shabu  
Woman meet man, babae nga ba yan  
Nag halo halo na

It's still the same old story  
A fight for love and money  
Naku totoo yan  
The world will always welcome lovers  
Pera lang yan

## From the President

Pres. Garrick Ang

Good Afternoon to all Pasig Rotarians and Guests!

Pangkat Five, Ready to Fight! They recently held a face-to-face meeting at Valle Verde Country Club headed by Pangkat Leader Ping Tan and PP Bert Albano. Also present in the meeting were Rtn Albert Mendiola, Rtn Richard Bergamos, Rtn Anson Tan, Rtn Gary Ona, Rtn Roland Vasquez and our Chair for both Administration and Pangkats, PP Ogie Lim. Exciting times ahead, as we expect more from them in our November meetings.

Latest update on our sponsoring of scholars at Rizal High School and Pamantasan ng Lungsod ng Pasig is we now have pledges for 61 students for the planned 100 students. Keep it coming fellow Pasig Rotarians, as this is a Rotary area of focus of providing Basic Education and Literacy.

For the Pasig Police Awards, we have commissioned the services of Glenda from the Rotary Club of Pasig Premier who will shoot the video interviews of the police awardees and produce a video presentation during the awarding. The awarding was moved to December 2, 2021 as the judges headed by Chair PE Bong Paloma, PP John Javier, PP Ogie Lim and PP Jun Zafra are all busy at tallying the scores. Kudos to Rtn Chony Gimenez, Rtn Bart Ronquillo and the whole Pangkat Tres, you're the best for initiating this noble project.

RPC21MNL Rotary Presidential Conference 2021 Manila, Rotary's largest Asia-Pacific Conference will take place online on November 26, 27 and 28. We are all registered and looking

## From the President

**Pres. Garrick Ang**

forward to networking and ideation for even better outcomes for the communities we serve worldwide.

With Joe Marie Chan appearing again in our timelines, Pangkat 6 is busy preparing for our December 16, 2021 hybrid Christmas Party and we are calling for sponsors for our raffles and prizes. We will also have our election on December 9 for the future officers of our club. Aside from our own Christmas celebration, we will also be giving Christmas packages to our beneficiary constituents

at Pasig Rotary GK village, Ilugin, Luxid Microfinance & Credit Cooperative, Rotaract and more.

Keep safe and stay healthy, fellow Rotarians.

Garrick

## Rotary Notes

PP Benny P. De Guzman

The Pangkat 5 meeting at the open area of VVCC gave us the possibility of live meetings. But the text presentation was loaded with the many awards of PP Ramy so HOF/PP Conrad commented that he is ripe for the district governorship. Indeed, as a multi-awarded club president, a distinguished Senior Assistant Governor and one of the 6 members of the Arch Klumph Society members in the entire district, Ramy seems hinog na hinog na. It will be tough for him as he will always be compared to a great father whose shoes will be hard to fill in. Madali naman magdagdag ng old newspapers to fit. Anyway, PP & PDS June can review for him This December is rather too late.

When some PPs of other clubs were asking me how much I gave for the Center we have for the indigents, I told them pang Facebook lang names of many of the 15 of us so placed. PRID Raffy from lot acquisition to plans and the actual building did not solicit funds but funded it himself. So Raffy felt that the scholarship is for the majority of our members and annually, it is more for the anonymous donor who graduated from that very popular school that produced so many great men including him. But are there two anonymous donors now? The regular 10 and 8 plus? Why may plus and 8? Because 6K per scholar, 50K ang binigay. I feel the 10 is his regular. Is the new 10 to correct the 8 or additional?

An appeal to our members now. PRID Raffy is many years short of 80 There are more than 6 Rotarians older than him in our club. Many Rotary International past presidents are urging Raffy to just tell them he is available and internally, there will be a clamor for him to be an RI president. In a colourful display of generous donations to our club, our Rotary districts in the Philippine and to

Rotary International, Raffy's long list of meaningful cash outs should make him a shoo-in for the presidency. He is not interested per many pleadings. If a unanimous clamor of our club members especially the past presidents even if not active with the club anymore, we may still get the yes we all need.

More for the baby Rotarians and those with us just for a couple of years, Raffy is the most senior after the 3 charter members of the club having joined a few months after chartering. His being president though was delayed as he was building his financial empire. Even his attendance prior to his presidency was not very good. But starting from his presidency when he started the Gawad Kalinga Rotary housing which benefited so many in the area but was stopped by the greed of some members who wanted to corner most of the houses and as a result, the entire number of houses was not built and awarded. He made all members Paul Harris Fellows paying the US\$1,000 for the non-members yet then which was then three fourths of the club. In the Arch Klumph Society, there are only 6 in our district who are members. And in the entire Philippines, it is only Raffy who has given one million dollars. Our club is the only club in our district with 3 members. PP Ramy and PP Nick are the two others. The husband and wife in the San Juan club are both PDGs while our first daughter club has PDG Benny Ricafort as AKS member. Raffy also donated the one million dollars for the Paul Harris room in Chicago now called PRID Raffy Room. Now, so as not to spoil too much our members, he has repeated the Paul Harris Fellows offer to pay only \$500 and the same amount he will match. Before he offered that to all Rotary districts in the country.

The Mangrove Project of PP Henry is worth looking into. We can be a major proponent. What have you done for Rtn Alex Lacson's election campaign recently?

### **GLOBAL PARTNERSHIP FOR EDUCATION TEAMS UP WITH ROTARY TO ADVOCATE FOR EDUCATION**

Rotary's relationship with the Global Partnership for Education is already having an impact, as incoming district governors learned at the International Assembly in January. "Together we are changing the lives of girls and other vulnerable children in the poorest corners of the world," said Alice P. Albright, the organization's chief executive officer, in her remarks about the relationship, formed in April 2020. "Rotary has a unique voice and standing on the global stage and in virtually every country. You can use that voice to advocate for more resources and then work with government leaders to ensure that they are distributed equitably."

GPE is a multi-stakeholder partnership and global fund that facilitates improved outcomes and gender equity in education and supports large-scale changes to education systems around the world. In Rwanda, for example, GPE helped increase access to early childhood education by funding training for more than 5,500 teachers, developing teaching kits and play-based instructional materials, and building 400 schools. In Kenya, the organization helped implement a plan that included making primary education free, which increased enrollment from 72 percent in 2003 to 88 percent in 2012 and closed the gender gap, achieving nearly equal numbers of boys and girls in school. And in Pakistan, GPE provided funding for a distance-learning program that uses social media platforms, as well as radio, TV, and mobile phones, to keep students learning during the COVID-19 pandemic. The program

PP Jun C. Zafra

*Continuation 1.*

may even help reach the 19 million children who were not attending school before the pandemic.

Rather than implementing projects itself in a given country, GPE brings together stakeholders from the public and private sectors around a national education plan; it also channels funding from private donors and governments to help finance those plans. Each country's plan is tailored to its specific needs and aligned with the local education plan supported by the government. In turn, partner countries are encouraged to allocate 20 percent of their domestic budget to education. Ultimately, GPE's goal is for local governments to take responsibility for fully funding a plan that delivers 12 years of schooling, plus a year of preschool, to every girl and boy.

GPE works with organizations and governments in 76 countries, many of them in sub-Saharan Africa. Funding is issued to governments through grant agents, which range from UN agencies, to NGOs, to global and regional development banks. The European Union, the United States, and other countries contribute funds to GPE. Since its founding in 2002, the organization has raised nearly \$11 billion to improve educational outcomes around the world.

Rotary's partnership with GPE will help Rotarians join the conversation at national levels, where GPE has contacts, and integrate their projects into a country's broader educational efforts. In turn, Rotary members can mobilize their extensive networks in areas that can be difficult for other organizations to reach. "Rotary will be a key partner, given its strong role in the local community and experience in community outreach," says Aparna Krishnamurthy, private sector and foundations specialist for GPE.

# Walking the Avenues

PP Jun C. Zafra

*Continuation 2.*

In the early stages of the partnership, Rotary hopes to engage members in three to five countries that are already part of the GPE network. Activities will differ depending on the specific needs within each country. Mary Jo Jean-Francois, Rotary International's area of focus manager for basic education and literacy, says Rotarians could play a key role, for instance, in helping families understand what educational resources from GPE are available to their communities, and in conveying to governments what kind of educational assistance those communities need most. "This partnership gives Rotarians a seat at the table to not only voice concerns about what might be happening within education," Jean-Francois says, "but also to understand the policies around education and bring those back to the community."

Rotary members have already participated in meetings with officials from the ministries of education and other private-sector partners in Ghana, Kenya, and Zimbabwe. In those countries, Rotarians will take part in the Girls' Education Awareness Program, a GPE initiative that will use messaging campaigns to help break down social barriers to educating girls, such as early marriage and favoritism within families for boys over girls when it comes to education (girls are 1.5 times more likely than boys to be excluded from primary school). The program will be guided by each country's ministry of education and will complement existing strategies. "Rotarians at the consultations noted the importance of a strong community-based approach," Krishnamurthy says, "and shared examples of various partnerships they have forged with local community leaders in areas that are hardest to reach."

GPE held a global education summit 28-29 July as part of its effort to raise \$5 billion to support children in up to 90 countries and

territories over the next five years. The organization plans to use this funding to ensure that 175 million boys and girls can learn, to enroll 88 million more children in school, and to train 2.2 million teachers. The summit included both virtual and in-person events in the United Kingdom and was co-hosted by British Prime Minister Boris Johnson and Kenyan President Uhuru Kenyatta. The funding campaign, called Raise Your Hand, garnered support from world leaders and celebrities, including former U.S. first lady Michelle Obama, international soccer star Didier Drogba, and supermodel Naomi Campbell.

## THE COLONOSCOPY

All the organs of the body were having a meeting, trying to decide who was the one in charge.

“I should be in charge,” said the *brain*, “because I run all the body’s systems, so without me nothing would happen.”

“I should be in charge,” said the *blood*, “because I circulate oxygen all over so without me you’d all waste away.”

“I should be in charge,” said the *stomach*, “because I process food and give all of you energy.”

“I should be in charge,” said the *legs*, “because I carry the body wherever it needs to go.”

“I should be in charge,” said the *eyes*, “because I allow the body to see where it goes.”

“I should be in charge,” said the *rectum*, “because I’m responsible for waste removal.”

All the other body parts laughed at the *rectum* and insulted him, so in a huff, he shut down tight.

Within a few days,

the *brain* had a terrible headache,

the *stomach* was bloated,

the *legs* got wobbly,

the *eyes* got watery,  
and the *blood* was toxic.

They all decided that the *rectum* should be the boss.

The moral of the story?
