## Song of the Day

### CHRISTMAS IN OUR HEARTS

Whenever I see girls and boys  
Selling lanterns on the streets  
I remember the child  
In the manger as he sleeps

Wherever there are people  
Giving gifts, exchanging cards  
I believe that Christmas  
Is truly in their hearts

Let's light our Christmas trees  
For a bright tomorrow  
Where nations are at peace  
And all are one in God

Let's sing Merry Christmas  
And a happy holiday  
This season may we never forget  
The love we have for Jesus  
Let him be the one to guide us  
As another new year starts  
And may the spirit of Christmas  
Be always in our hearts

In every prayer and every song  
The community unites  
Celebrating the birth

## **Song of the Day**

*Continuation 1.*

Of our Savior, Jesus Christ  
Let love, like that starlight  
On that first Christmas morn  
Lead us back to the manger  
Where Christ the child was born

So, come let us rejoice  
Come and sing a Christmas carol  
With one big joyful voice  
Proclaim the name of the Lord

Let's sing Merry Christmas  
And a happy holiday  
This season may we never forget  
The love we have for Jesus  
Let him be the one to guide us  
As another new year starts  
And may the spirit of Christmas  
Be always in our hearts

Let's sing Merry Christmas  
And a happy holiday  
This season may we never forget  
The love we have for Jesus  
Let him be the one to guide us  
As another new year starts  
And may the spirit of Christmas  
Be always in our hearts

## From the President

**Pres. Bong Paloma**

Good afternoon RCP!

Thank you once again for joining us today.

Last Nov 23, we heard one of our newbie Rotarians Peter Pancho talk about his journey in the power business. His talk elicited many interesting questions from our members in attendance about renewable energy and its potential to become the primary power source, dislodging fossil fuel in the future. We hope that the Philippines one day can harness the natural gas reserves to power our country toward progress and a sustainable and clean future.

Today, we have another esteemed speaker, a fellow member from the Management Association of the Philippines and FINEX. He is an advocate of the EDSA Bus Reform program and the chair of MAP's Infrastructure Committee. He will share his thought on the best approach to solve the EDSA traffic and transportation problem.

Our club Christmas party is on Dec 15 at 6:00 PM at the Valle Verde 1 Clubhouse. Please join us and bring your spouses for fellowship and merry-making. I look forward to seeing all of you.

Stay strong and healthy, RCP!

Bong

## Rotary Notes

PP Benny P. De Guzman

It is December already and we are half way near the ending of this Rotary year. Next week is election time and I wonder how more than 40% of our membership can vote wisely without their interacting with members they will elect to lead us. If we view the weekly attendance, even our Christmas Party will have to suffer. Can't the Board and Pangkats address this issue at least with two weeks to go pa?

With the Alapabasa Project at Sto. Nino Elementary School and the LRMFCC Seminar at NAPPCO leading the way, we had two very impressive programs to warm the activities of the club. Plus the tree planting of the First Family, it made our club vibrant once again.

Wheat not Weeds, so timely introduced two Tinig issues ago, saw meaning with the very sensitive words of Rtn Fr Vincent. "He who does not live to serve, does not deserve to live." Heavy. I thought the one that says, "he who does not plan is planning to fail" was harsh. Itong kay Fr. Vincent simply stated, "either you are or you are not." Can we tell that to our Board and Pangkat leaders? Not that severe but with emphasis lang.

I left earlier during our evening meeting. It seems a well planned out one that will start getting better attendance. Even visits of sister clubs for make up and fellowship.

We need a good follow through for the successful Alapabasa Project. Our 3 leading politicians can make sure the children can read better and to improve our national average for all children in readership capabilities and improve as well the quality of our

educational system. By next Rotary year, all elementary schools would have been covered and will continue as a regular program. The tree planting may also be a regular but once a year lang. If we cannot handle as club project, since Pres Bong and his family did an excellent family job, can it be a Bong Family project? Under his name but a club sustaining project.

Surprise visitor last week was Rtn Ben. His golf buddy must have been a no show and he decided to see if the club is still functioning. Dalas dalasan mo, mas masaya Ben!

When we had many new members during the pandemic, we thought after that with the face-to-face meeting, attendance will improve but it was not meant to be. The vaunted fellowship of Rotary is thus challenged. The independent republic of the Rotary Club of Pasig is thus challenged. Kaya pa bang makabawi?

The credit cooperative group of HOF/PP Conrad needs some endorsement. Rtn Anson had his company's employees participate. Can the others follow?

Our club has yet to ask our ARAP to participate in some projects. When PE Adolf invited Chef Trisha Ocampo, ARAP should have been invited. It can energize the club to greater activities once ARAP gets going.

Socials: Yesterday was the grand birthday of Lady Minda, who like husband PRID Raffy is very active in reaching out on a national level. And next week, super bilis, is the 40<sup>th</sup> day of the passing away of our rock, PP Sonny.

a super major donor in many new churches as well as those having major renovations.

Last week, we had a good speaker in the person of Dr. Nelinda Pangilinan, who talked on Pre-Eclampsia. She considered all of us as doctors who wanted to learn on how to manage this health condition during pregnancy. There was only one confirmed gynecologist in our club. He is not practicing now as he hurt his right shoulder as punishment for his misdeeds. But a promising one emerged in PP Henry. He authoritatively asked sensible questions to show he was listening. Learn from Topax so you will learn more. With actual show of how to use both hands pa. Got his pointers from a pediatrician who is adept in gynecology. Dalawa na pala sila ngayon, Rtn Doc Ato and HOF/PP Jess.

Attendance was noticed by PRID Raffy, who had to rush back to give due respects to the Rock. He had to take the first plane out of Frisco with Lady Minda as he would not miss honoring Sonny. Raffy will have to fly back and may not be in our meeting today. But the attendance woes he noticed while on zoom on our Memorial Day. During his time, there were more than 150 attendees and our membership then was only in the 80s. He was blaming the PPs. If the PPs are not asked, they do not offer. Kaya Memorial Day as you cannot remove it now from your memory?

When we saw Spouse Fe during the Memorial Mass, she said that PP Totoy, at 97 prefers zoom meeting only. We must have a Day for our three Nonagnerarians, PPs Totoy, Peping and Esto.

## PRESIDENTIAL MESSAGE

**Jennifer Jones**  
**President 2022-23**  
**December 2022**

While sitting with a group of Rotary leaders outside of Lusaka, Zambia, I ask a question: “How many of you have ever had malaria?”

Every hand in the room goes up. They even begin to tell me about the first, second, or third time they experienced the disease, one of the main causes of death and sickness in many developing countries.

They are fortunate. They have access to medical treatment and lifesaving medicines. For the people of rural Zambia, their story is very different.

On a wooden bench in a small village, I sit with Timothy and his young son Nathan. With a camera crew capturing our conversation, he tells me of the time Nathan showed signs of malaria. He brought the boy to the nearby home of a community health worker, where Nathan quickly received medicines that in all likelihood saved his life.

Calmly, Timothy tells me about his other son’s bout with the disease a few years earlier. He had to race that son to a medical clinic more than 5 miles away. Riding a bike and carrying his child on his back, he tells me, he could feel his son’s legs turn cold and then his little body go limp. As he finally entered the clinic, he

screamed for help, but it was too late. The camera stops rolling, and we sit in silence. He begins to weep, and I hold him tightly. “I lost my son, I lost my son,” he says.

This story is all too familiar for the families we meet over the next few days. And yet there is hope. Partners for a Malaria-Free Zambia is Rotary’s first Programs of Scale grant recipient, and it is saving lives. Across two provinces of Zambia, 2,500 volunteer health workers have been selected by their communities. They are trained to bring medical care closer to those who need it, and they are able to diagnose and treat malaria and other ailments. Rotary partnerships create lasting change.

## Our Guest Speaker

**PP EDUARDO “Eddie” H. YAP**

Our esteemed guest speaker today is a fellow Rotarian! He is the former President of the Rotary Club of Makati and Chairman of Makati Rotary Club Foundation, Inc. He is the **CEO of Dynamic Realty & Clairmont group of companies** and a Director of LMG Corporation.

He has a diverse professional background! He is a **CPA** by training, **property developer** by vocation, **classical music aficionado** and **concert producer** by avocation, and **author** of articles on traffic, transportation, fiscal matters, tax reforms, and capital markets! One would surely wonder how he can handle these roles and still find the time to solve the mammoth problem of the daily commute of fellow Filipinos in Metro Manila!

Mr. Eduardo “Eddie” Yap is the current Chairman of the Infrastructure Committee (Traffic & Transportation Cmte.) of the Management Association of the Philippines. He also chairs the Water Security Committee, Arts and Culture Committee, and the Green EDSA Movement. He is the prime mover and advocate of:

- EDSA BUSWAY ON INNER LANES
- BUSWAY PASSENGER ACCESS BRIDGE WITH CONCOURSE, and
- BUS TRANSPORT REFORMS, INCLUDING INTERMODAL (BUS-TRAIN) CONNECTIVITY.

## Our Guest Speaker

### *Continuation 1.*

With a number of these initiatives completed and more improvement projects in the works, travelers along the dreaded EDSA experienced a much-improved flow of vehicular traffic and convenience for the thousands of daily bus riders!

*“Buses now run unimpeded by traffic, day and night, rain or shine, unlike before when they mostly stagnated in traffic. The busway is now saving time for commuters, saving lives of sick persons getting to the hospital, helping economic productivity and, finally, removed a big thorn that pestered commuters and authorities for decades” – From the **Daily Inquirer***

On the lighter side of “Eddie’s” life, we cannot leave unnoticed his interest in the arts, especially in music! He is the Chairman and Executive Producer of the Music Admiration Society, Inc. and produced the Philippine versions of symphony concertos:

- Adeste Fideles Christmas Concert, at the Santuario de San Antonio, Dec. 2006
- Adeste Fideles Christmas Concert II, at the PICC Plenary Hall, Dec 2007,
- Movie Music in Concert, SM Aura, Nov. 2018 and
- A Flavor of Vienna, Shangri-la Ballroom, Makati, 2019, to name a few.

We can go on and talk much more about the achievements of our guest speaker this afternoon and that will surpass the time allowed for me to introduce him! But it will be more exciting and inspiring to hear directly from “Eddie” what more is in store for Filipinos in the years to come, including programs that will promote environmental sustainability! My fellow Pasig Rotarians let us all welcome our honored guest – Mr. Eduardo “Eddie” H. Yap!

# Wheat not Weeds

By: Rtn. Fr. Jojo Opinio

By now, most of you must be aware of the new column of TINIG entitled “Wheat not Weeds” which Fr. Kell, Fr. Vincent and I take turns in writing. Hopefully through our articles, we will be able to incorporate spiritual insights in RCP activities. The title of our column is inspired by the gospel parable of the wheat among the weeds of Jesus Christ which explains the reality of evil in the world.

If God is omnipotent, why can't he completely annihilate evil in the world? This is a very important theological questions and in fact a question often asked by someone who doubts God's power. Jesus himself answered this thru the parable of the wheat and the weeds in the gospel written by St Matthew 13:24-40.

Like the sower in the parable, God sowed only goodness but someone else came and sowed evil.

The persistent presence of evil in the world does not mean that God is powerless to subdue it. In the parable, someone suggested pulling the weeds out of the field. Surprisingly, the owner disagreed lest they pull the wheat with the weeds

St. Thomas Aquinas, theologizes by saying, God tolerated the existence of evil, for out of it something good can happen.

As Christian believers it is our duty and obligation to always choose the wheat not the weeds. Our hearts are so designed for it. Unfortunately the evil has become so tricky that at times it may appear to us as the apparent good that our hearts desire. Hence, the

necessity to be enlightened with and be formed by the Word of God, our ultimate guide and yardstick in decision making. We must be critical with our engagements with the world. Be sure to always pick the wheats not weeds.

On Dec 8 at 8am – 3:30pm, we will reactivate our Medical Mission – “Tulong sa Katulong” to be held at The Cabana, Valle Verde 5 in partnership with KnKPInc, NPK and RC Metro East Taytay. This project was last done on Dec. 8, 2015. For those of you who recently joined the Club, KnKPInc, headed by Dr. Connie Alfiler, is the recipient of the portable ultrasound machine which our Club purchased through a Global Grant in 2019.

Next year, we will be executing minor renovations and repainting of our Center.

With regard to our District Grant project that focuses on water, hygiene and sanitation, we recently finished the construction of Hand washing and Drinking stations in 2 Pasig Elementary Schools located at Barangays Dela Paz and Ugong.

The turnover of the hand washing and drinking station at Sto Niño Elementary School in Dela Paz coincided with the launch of the Alfabasa Reading Program and turnover Philips UV Disinfectant Machines (courtesy of Rtn Peter Pancho) which was witnessed by no less than our very own Rtn Cong. Roman Romulo, Rtn Mayor Vico Sotto and Rtn Vice Mayor Dodot Jaworski.

As the imaginative, amazing treasure Rotary year progresses, I invite everyone to join and be part of these exciting projects. Hoping to see you all!
