## Song of the Day

### MEMORY

*By Barbra Streisand*

Midnight, not a sound from the pavement  
Has the moon lost her memory?  
She is smiling alone  
In the lamplight, the withered leaves collect at my feet  
And the wind begins to moan

Memory, all alone in the moonlight  
I can dream of the old days  
Life was beautiful then  
I remember the time I knew what happiness was  
Let the memory live again

Every street lamp seems to beat  
A fatalistic warning  
Someone mutters and the street lamp sputters  
And soon it will be morning

Daylight, I must wait for the sunrise  
I must think of a new life  
And I mustn't give in  
When the dawn comes, tonight will be a memory too  
And a new day will begin

## Song of the Day

*Continuation 1.*

Burnt out ends of smoky days  
The stale, cold smell of morning  
A street lamp dies, another night is over  
Another day is dawning

Touch me, it's so easy to leave me  
All alone with the memory  
Of my days in the sun  
If you touch me, you'll understand what happiness is  
Look, a new day has begun

## From the President

Pres. Garrick Ang

Dear Fellow Rotarians and Friends

It is with great sadness that we announce the passing of PP Roy Eduardo “Ed” T. Lucero yesterday February 23, 2022. PP Ed was the Board's Director for Youth in both Life Changing and Transforming Rotary years. He was a friend of the old and new Rotarians. In business, Ed was a Fellow of the Institute of Corporate Directors (ICD), a non-stock, non-profit organization dedicated to the professionalization of Philippine corporate directorship by raising the level of corporate governance policy and practice to world-class standards. PP Ed was also a licensed real estate broker and held key directors in various companies before his passing. We will miss the smiling and ever calming presence of PP Ed. Rest in peace, our friend.

I would like to reiterate again the call of PRID Raffy Garcia that RC Pasig achieves the honor of being a 100% PolioPlus Society club with each member pledging to give \$100 per year until polio is eradicated from the face of the earth.

The next level is to become a 100% Paul Harris Club like we were in Rotary Year 2011-12. Those that are not yet Paul Harris Fellows can take advantage of the Raffy Garcia Challenge by giving \$500 to the Rotary Foundation. PRID Raffy will then match this with 500 recognition points from what he has given. And you will be a Paul Harris Fellow for just \$500.

Please get in touch with PP Jun Zafra or Edgar Manalang for more details.

## From the President

Pres. Garrick Ang

*Continuation 1.*

Again, The Rotary Foundation (TRF) Recognition Night is this coming Sunday, February 27, 2022, at Okada Manila Grand Ballroom. You must register via google sheets shared in our various Viber chat groups.

I like to thank Pangkat 2 for the successful hosting of our February monthly meeting and look forward to Pangkat 3 (Tres), the best next month.

Let us all greet our birthday celebrant today, Rotarian Bernardo “Boba” R. Bobadilla. Keep safe and stay healthy fellow Rotarians as we move to Alert Level 1 in March.

Thank you.  
Garrick

## Rotary Notes

PP Benny P. De Guzman

This pandemic and lack of physical contacts with our members makes writing this column tough. Bossman Peter wanted this column earlier pa. Luckily, the Noblemen of Pasig, though many are not allowed to be reproduced here as not all of you have the blanket authority like PP Rel, baka censored away lang.

There was a nice topic though before my deadline on the huge multi-billion dollars of pharmaceuticals are uselessly thrown away or destroyed as their expiry dates have expired. Not with analgesics and vitamins and some plant-based pharmaceuticals. However, for antibiotics, it is better to observe the expiry dates. The expiry date I believe, was not made by pharmaceutical companies to get bigger profits but required by the governments to protect their citizenry from reactions. Sometimes, small percentages are lost but minimal as for vitamins. Anyway, there are excesses in vitamins that are not used but excreted out. It is not dangerous to use expired drugs then as you will not expire in the process except on antibiotics.

If you are experiencing gas pains due to escalating fuel prices, please pray that the tension in the Ukraine will not escalate into a short term war. Rtn Flor whose international expertise on nuclear warheads is commendable, fears the many arsenals in Ukraine will endanger the safety of the world and the prices of fuel will be uncontrollable. Putin who controls most the earth's area and has the strongest army in the world is dangerously keeping his stand.

News black out? I was watching TV but late by a few seconds Friday last week when a small red car was gutted by fire at Edsa when it rammed the concrete barriers of MMDA early that

morning. Three of the four occupants died in the wrecked car while one was saved with burns. TV had the news in the but none appeared in the evening news. I asked PGA to ask our Col Gene to get info from the PAF. I also got the number of the member general-to-be Gene how the survivor is faring. No answer. Isn't this a human interest story? New black out, airman cannot die in car crashes only in car crashes. I hope the fourth one is by now fully recovered.

Charter membership for all of our members for the PolioPlus Society by annually giving US\$100 now. You may give the dollars or P5,100 to Edgar. Will it not be nice if we are 100% charter member? As Pasig Rotarians, we don't need the Raffy Garcia Challenge for this one. Barya. Even our priest members have already given.

And the Raffy Garcia Challenge of just paying US\$500 to become a Paul Harris Fellow. And enjoy the fellowship in the TRF Banquet. I am waiving my free dinner as I paid my Paul Harris membership 39 years ago.

PP Ed gave up his brilliant fight. On 23<sup>rd</sup> February at The Medical City he gave his last breath. May his soul rest in peace. Another equally active PP of a nearby club has been in hemodialysis due to complications of the kidneys and Covid-19 and he is not in good shape. Let us all thank Good Lord for the health that we are now enjoying. For PP Ed to enter His Kingdom and for the other unnamed PP to keep up the battle.

### **ROTARY STATEMENT ON WILD POLIO CASE IN MALAWI**

As a result of ongoing disease surveillance, the Global Polio Eradication Initiative (GPEI) has confirmed a case of type 1 wild poliovirus (WPV1) in a child suffering from paralysis in Malawi. Analysis has shown the virus is genetically linked to WPV1 that had circulated in Pakistan's Sindh province.

The GPEI is supporting health authorities in Malawi to conduct a thorough assessment of the situation and begin urgent immunization activities to mitigate any risk of spread. Environmental surveillance measures are also being expanded in Malawi and neighboring countries to detect any other potential cases.

Detection of WPV1 outside the world's two remaining endemic countries of Pakistan and Afghanistan is a serious concern and underscores the importance of prioritizing polio immunization activities in countries such as Malawi to prevent future instances of importation. Rotary has continued strong financial support to Africa since the most recent previous case in Nigeria. During the last two years, 54% of the Rotary PolioPlus budget has supported disease surveillance, outbreak response, the purchase of vaccines and operational expenses throughout Africa.

While the news from Malawi is disappointing, the polio program has seen importations from endemic countries to regions that have been certified wild polio-free in the past, and has moved quickly to

successfully stop transmission of the virus in these areas. As an imported case from Pakistan, this detection of WPV in Malawi does not affect the WHO African region's wild polio-free certification status.

In the more than three decades since Rotary launched its PolioPlus program and formed the GPEI, we have repeatedly stressed that polio anywhere is a threat to children everywhere. The case in Malawi imported from Pakistan underscores the importance of that statement. Now is the time for all parties – Rotary members, communities, government leaders, and global partners – to recommit to ending all forms of polio for good. As Rotary members, it is critical that we ramp up our efforts to raise awareness for the importance of reaching all children with polio vaccines, and continue raising the funds necessary to carry out critical eradication activities to protect vulnerable children and prevent further outbreaks.
