Song of the Day

CASABLANCA

BY: Bertie Higgins

I fell in love with you watching Casablanca
Back row of the drive-in show in the flickering light
 Popcorn and cokes beneath the stars
 Became champagne and caviar
Making love on a long hot summer's night

I thought you fell in love with me watching Casablanca
Holding hands 'neath the paddle fans in Rick's candle lit cafe
 Hiding in the shadows from the spies
Making magic at the movies in my old Chevrolet

 Oh, a kiss is still a kiss in Casablanca
 But a kiss is not a kiss without your sigh
 Please come back to me in Casablanca
I love you more and more each day as time goes by
I guess, there are many broken hearts in Casablanca
You know I've never really been there, so I don't know

 I guess our love story will never be seen
 On the big wide silver screen
But it hurt just as bad, when I had to watch you go

 Oh, a kiss is still a kiss in Casablanca
 But a kiss is not a kiss without your sigh
 Please come back to me in Casablanca
I love you more and more each day as time goes by

 Oh, a kiss is still a kiss in Casablanca
 But a kiss is not a kiss without your sigh
 Please come back to me in Casablanca
I love you more and more each day as time goes by
I love you more and more each day as time goes by

From the President

Pres. Garrick Ang

Happy Rotary Thursday fellow Rotarians!

Your club's Anniversary Committee Chairman and members are busy preparing for next week's Rotary Club of Pasig 51st Anniversary and Beyond celebration. This will be a full virtual celebration and food will be delivered to you.

We have the objective of being the largest club with quality and like-minded gentlemen members. We do want to have at least 11 new members inducted into the club by this year and I request each and every one of you to invite your prospects to our meetings by sharing the ZOOM ID and password. Let us contact our former Pasig Rotarians, close associates, business or professional contacts, friends and family members who will add value and bring even more vibrance to the club. I expect everyone's cooperation with this.

May I also remind everyone to update your club dues. We are midway in the Rotary year and would need continuous funds to maintain the operation of the club.

We look forward to seeing you all next week at 6 pm via zoom. The details of the program will be posted in our Viber chat groups and be ready for a memorable affair that all of us Pasig Rotarians can be proud of.

Let us also pray for our Rotarians and family members recovering from Covid and for protection for the rest of our Rotarians, their families, the whole city of Pasig and the nation.

Keep safe and stay healthy fellow Rotarians.

Sincerely,
Garrick

Rotary Notes

PP Benny P. De Guzman

This Covid menace is getting out of hand and the dual pains of either getting it or spreading it has caused safety protocols and alert levels to disrupt many economic activities. Pity the high end eateries and other businesses that had affected employees. The resultant economic dislocation is a hard pill to swallow. I hope there are not any of our members who have been affected.

The Poblacion Girl has caused quite a stir on the way quarantine rules are being followed and has caused a backlash on the legitimate travellers. My own daughter and her two sons plus a daughter travelling had to have double stay during quarantine as her hubby, a charter member of our daughter club RC Valle Verde and a son at the end of their legit quarantine were tested positive and their stay were extended 150% longer. Too stiff it seemed but it was needed though.

If campaigning will be tough for candidates as the virus will have a telling effect, I feel it has built an advantage for our two members being incumbents but a handicap for our Alex who is attempting to come in. A good governance record for both Mayor Vico and Cong Roman will be their advantages both hard to overcome. I was switching Facebook account when I chanced on Mayor Vico talking after the usual Monday flag raising ceremony and I was amazed at the simplicity he did his tirade and as subtly as one can sound it off. He was saying that even at the flag raising which takes but a few minutes and which was his call, the Vice Mayor was not there. I wonder if even the important committee meetings that the Vice Mayor chairs, he has not been attending. On the basis that he was not attending to his chores is not an affront to the Mayor but a dereliction of his duties. What a subtle way of

delivering a message seemingly said that will have a good impact on the voters. Meanwhile, for Congressman Roman, he has a very good record in Congress which he can crow about as an election add on. Due to campaign limitations, Alec is thrown at a disadvantageous position as he is coming in. The reelectionists have made-in advantages and those who served well but must miss a term due to the term limits have also some degree of media advantage. Lucky for Alex that Alfeo Piedad is doing great for the A, B and C voters but the bulk are the E and D voters, I hope they are properly covered too. Once the Leni-Kiko Team gets going, that is where Alex can pick up on a team effort. Comelec must disqualify Marcos on very proper grounds as per two retired justices of the Supreme Court. Former Chief Justice Art Panganiban in various occasions mentioned that Marcos should be disqualified. So also retired Senior Associate Justice Antonio Carpio.

Our prayerful members have been wondering about the recovery of newly operated PP Ed. Even spouse Ching is not answering Ed's phone which she usually did before. Even texts that Ed used to answer is keeping all of us in deep suspense. Ed has a way of recovering. He is too prayerful and our prayers will carry him through,

Our speaker last week, Char Valmonte looked like a tough US military officer in her tough role but now in a civilian corporate work. She seems she can conquer the world with her positive outlook, Mabuhay ka Cher!

One of Rotary's founding principles was to use your vocation — whether as a doctor, lawyer, engineer, or another profession — to do good in the world. As we attempt to overcome and recover from the pandemic, this principle is vital in retraining people who have lost their jobs. In response, the Rotary E-Club of Tamar Hong Kong organized seminars for young people, with the aim of preparing them for the changing world of work.

This type of training must happen on a large scale. According to the United Nations, global unemployment is expected to exceed 200 million people in 2022. Women and youths are likely to be disproportionately affected.

This is why I've placed such a strong emphasis this year on projects that empower girls, and I've been delighted to see some of these projects in action. Of course, access to education and the path to employment can be blocked by a lack of water and sanitation infrastructure.

A project in Pune, India, focuses on providing girls and women with an affordable, reusable sanitary pad. The project provides employment for production and distribution of the pads, and it will reduce the pollution caused by the disposal of 12.3 billion sanitary napkins in the country annually, many of which end up in India's landfills.

Others have used vocational service to advance the empowerment of women. The Rotary Club of Poona, India, conducted workshops to teach martial arts to young women, for self-defense against the threat of abuse or human trafficking.

I've also been fortunate to use my vocation to do good through Rotary. The Indian Ocean tsunami in 2004 devastated the Andaman and Nicobar Islands, which are part of my district. Thousands of homes were destroyed, and many areas lost electricity and running water. On my visit to Little Andaman Island, the builder in me immediately wanted to build homes for the homeless islanders there. We decided to construct 500 homes on Little Andaman.

On the last of my seven trips to the island, I could see something glimmering below as my helicopter was about to land. I realized that what I was seeing were the roofs of new homes. I was overjoyed by the sight, and soon a realization dawned upon me. As a builder I had built many beautiful buildings. In comparison, these 500 homes were the most ordinary buildings I had ever built, and they were in a place I likely will never visit again, for people I will never meet again. And yet the satisfaction I had in handing over these houses was greater than from anything I had previously built. Probably because for once I was using my vocation to Serve to Change Lives.

You, too, may have had opportunities to use your vocation to Serve to Change Lives. I welcome your stories of performing vocational service through Rotary. Also, I want to close by congratulating every club that has engaged with the Each One, Bring One initiative, which asks every member to introduce one person to Rotary. Increasing our membership gives people from all walks of life the opportunity to share their knowledge and skills in transformational service.

Our Guest Speaker

MR. RICSON SINGSON QUE

Perhaps most of us have already come across the term **digital transformation** some years back and even before the outbreak of the pandemic. With the onset of the 4th Industrial Revolution in 2016 many companies, here and abroad, started transforming their business processes from being paper-dependent to one that is digital – that is, enabled by electronic technology.

Digital transformation has been defined as the **integration of digital technology** into **all areas** of a business, fundamentally changing how businesses operate and deliver value to customers. **It's also a cultural change that requires organizations to continually challenge the status quo, experiment, and get comfortable with failure.** Companies that started much earlier on the curve became better prepared when the pandemic hit the planet – practically experiencing no disruption on the day-to-day operation of their business.

Our guest speaker for today is a **leader and authority** in guiding companies in their journey to digital transformation. He is a graduate of B.S. Computer Science, major in Information

Our Guest Speaker

Technology at the De LaSalle University in 1996. A silver medalist when he earned his master's degree in Business Administration at the De LaSalle University Graduate School of Business in 2003. He then assumed different IT consulting roles in the business sector and the academe after graduation. And **since 2007 and up to the present holds concurrent executive positions** in multiple companies that provide Digital Transformation, Cybersecurity, Enterprise Architecture services. His major accomplishments at the De LaSalle–College of Saint Benilde include:

- The establishment of the Benilde Information Security Plan (2016, ISO 27000);
- The creation of the BS in Cybersecurity Curriculum for Bachelor's Degree and Executive Diploma Program for Cybersecurity, and
- Spearheading the Digital Transformation and Information Technology Projects (2014-2020),

My fellow Rotarians, let us all welcome the **CEO** of Swibble International, Corp., **President and CEO** of SQrity Consulting OPC, **Mr. RICSON SINGSON QUE!**

MORE WHO WAS FIRST?

GOLF COURSE

The first permanent golf course originated at St. Andrews, Fife, Scotland and as early as the mid-fifteenth century men were playing golf on the Old Course of St. Andrews. The course had 11 holes and golfers played the holes for a total of 22 holes. In 1754, the Royal and Ancient Golf Club was founded at St. Andres

LAUNDROMAT

On April 14, 1934, J.F. Cantrell opened the first Laundromat in Fort Worth, Texas, USA. Cantrell noticed that personal washing machines were a luxury many of his neighbors simply could not afford, so he got a great idea and filled a needed niche. His first Laundromat which he called Washateria had four electric washing machines but no dryers. Patrons brought their own soap.

LOTTERY

Aside from biblical references to drawing lots, the first public lottery of note with cash prizes took place in 1530 in Florence, Italy. Called *La Lotto de Firenze*, this game of chance was a number lottery that awarded money to its winners. The word lottery is derived from the Italian word *lotto*, meaning “Destiny” or “fate.”

MEDICAL SCHOOL

In the ninth century, *almum et Hippocraticum Medicorum Collegium*, located in Salerno, Italy, Naples in Southern Italy, became the first modern medical school Although founded in the ninth century, it was formally organized in the tenth century and reached its peak at the end of the twelfth century. The Salerno school is still in operation today.

MILITARY SCHOOL

During the eighth century in ancient Greece, the first military schools were established in the city-state of Sparta. After fighting two wars with the neighboring state of Messina, Sparta transformed its city-state into a military society. To survive during that time. Sparta dictated that all schools be military schools and the principal purpose of all education was the development of soldiers.

MOVIE THEATER

On June 26, 1896, the first movie theatre to run shows on a regular basis was Vitascope Hall in New Orleans, Louisiana, USA. The theatre seated 400 viewers and was the brainchild of the English-born Willian T. “Pop” Rock, a pioneering film exhibitor. The first viewing were movies of short comic pieces and scenic landscapes.

NURSING SCHOOL

Around 230 B.C.E, the first nursing school was started in India, founded by the works of the great physician Charaka. No women were allowed as student because only men were considered “pure” enough to become nurses.

RESTAURANT

In 1765, the first restaurant to be called by that name was the Champ d’Oiscau in Paris France. Tavern keeper Monsieur opened this first restaurant and kept it centered on food, not alcohol, coffee or tea.

***DECLARATION OF ROTARIANS
IN
BUSINESS AND PROFESSIONS***

As a Rotarian engaged in a business or profession, I am expected to:

1. Consider my vocation to be another opportunity to serve;
2. Be faithful to the letter and to the spirit of the ethical codes of my vocation, to the laws of my country, and to the moral standards of my community;
3. Do all in my power to dignify my vocation and to promote the highest ethical standards in my chosen vocation;
4. Be fair to my employer, employees, associates, competitors, customers, the public and all those with whom I have a business or professional relationship;
5. Recognize the honor and respect due to all occupations which are useful to society;
6. Offer my vocational talents: to provide opportunities for young people, to work for the relief of the special needs of others, and to improve the quality of life in my community;
7. Adhere to honesty in my advertising and in all representations to the public concerning my business or professions;
8. Neither seek from nor grant to a fellow Rotarian a privilege or advantage not normally accorded others in a business or professional relationship.

ROTARY CODE OF CONDUCT

As a Rotarian, I will

1. Exemplify the core value of integrity in all behaviors and activities
2. Use my vocational experience and talents to serve in Rotary
3. Conduct all of my personal, business, and professional affairs ethically, encouraging and fostering high ethical standards as an example to others
4. Be fair in all dealings with others and treat them with the respect due to them as fellow human beings
5. Promote recognition and respect for all occupations which are useful to society
6. Offer my vocational talents: to provide opportunities for young people, to work for the relief of the special needs of others, and to improve the quality of life in my community
7. Honor the trust that Rotary and fellow Rotarians provide and not do anything that will bring dis-favor or reflect adversely on Rotary or fellow Rotarians
8. Not seek from a fellow Rotarian a privilege or advantage not normally accorded others in a business or professional relationship
