Emcee
*SEPTEMBER IS BASIC EDUCATION AND
LITERACY MONTH***

Invocation

Loving Father we praise and glorify your holy name. Thank you for your unfailing love & compassion to us despite our shortcomings. As we come to this fellowship to celebrate our brotherhood, rekindle in us our sense of history. Bless each of us as you bless our guest speaker who will share stories about our past as a nation, as a people and as God's children. May we continue to look at our past with appreciation as we move forward knowing that you are with us to guide us. **Amen.**

THE FOUR-WAY TEST

of the things we think, say or do:

1. Is it the **TRUTH**?
2. Is it **FAIR** to all concerned?
3. Will it build **GOODWILL** and **BETTER FRIENDSHIPS**?
4. Will it be **BENEFICIAL** to all concerned?

Object of Rotary

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

- First** : The development of acquaintance as an opportunity for Service;
- Second** : High Ethical standards in business and professions; the Recognition of the worthiness of all useful occupations; and the dignifying of each Rotarian's occupation as an opportunity to serve society;
- Third** : The application of the ideal of service in each Rotarian's personal, business and community life;
- Fourth** : The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.

Song of the Day

We Are the World

By Michael Jackson

There comes a time
When we heed a certain call
When the world must come together as one
There are people dying
Oh, and it's time to lend a hand to life
The greatest gift of all

We can't go on
Pretending day-by-day
That someone, somewhere soon make a change
We're all a part of God's great big family
And the truth, you know, love is all we need

We are the world
We are the children
We are the ones who make a brighter day,
so let's start giving
There's a choice we're making
We're saving our own lives
It's true we'll make a better day, just you and me

Oh, send them your heart
So they know that someone cares
And their lives will be stronger and free

Song of the Day

Continuation 1.

As God has shown us by turning stones to bread
And so we all must lend a helping hand

We are the world
We are the children
We are the ones who make a brighter day,
so let's start giving
Oh, there's a choice we're making
We're saving our own lives
It's true we'll make a better day, just you and me

From the President

Pres. Bong Paloma

Dear RCP,

Good afternoon!

Our speaker last Thursday, Doc. Ani Almario, shared her thoughts, observations, and suggestions on how we can develop a sense of country in our students. She delivered a thought-provoking and very patriotic presentation on how schools and DepEd should cultivate a sense of country for every Filipino student. During the Q&A portion, a feisty discussion ensued led by our very own Congressman Roman Romulo (the chair of the House Committee on Basic Education and Culture in Congress) and future senator Alex Lacson. In hindsight, this is the kind of open discussion we need to achieve tangible and meaningful changes in our educational system to improve the competitiveness of Filipino students and, at the same time, develop the sense of country. Hopefully, last Thursday's meeting will cause us to begin more formal dialogues with Doc. Almario, our lawmakers, and other educators in the country to strengthen the sense of country and address the declining competitiveness of Filipino students.

Last night, I attended The One Philippines (TOP) International Humanitarian Award gala dinner and awards night. It is a biennial event that searches for and recognizes unsung heroes in the Philippines. Every two years, they search for people who work to make the world a better place, the mother Teresa in our midst. The Rotary clubs across the country nominate those operating in their territories. This year, 38 nominations were submitted and underwent a rigid screening process comprising three judging with three panels of judges. From 38 submissions, it was trimmed down to 14, and last night we saw the five finalists and the eventual winner of this year, "The One", Mr. Rogelio Timbal. Mr. Timbal

From the President

Pres. Bong Paloma

Continuation 1.

oversees Candijay's mangrove forest; a 163-hectare area turned over to him for safekeeping by the government-without funding. He supervises planting mangroves along river banks to prevent erosion and guards the mangroves against hired cutters who make charcoal from the carbon-rich mangrove roots. He also ensures that the river is cleared of debris to keep the water healthy for marine life. They also make a livelihood out of it by harvesting crabs. After nine years, the mangroves serve as a buffer against typhoons, storm surges, and rising sea levels. Last year, during typhoon Odette, the mangrove shielded the 27,000 residents of Canijay, Bohol.

Mr. Rogelio received a cash prize of Php 1.5 million pesos, while the sponsoring Rotary club received 250,000. The two runners-up received Php 500,000, and the sponsoring Rotary club received 50,000.

I was very touched by the event, seeing these deserving unsung heroes living Rotary's motto of Service Above Self and genuine love of country. It was an inspiring evening, and what made it big for me was that this biennial International Humanitarian Award was founded and supported by our very own PRID Raffy Garcia III. PRID Raffy is committed to this cause as long as the good Lord blesses him with life.

Lastly, today we have another exciting speaker, congressman and future senator Neri Colmenares who will bring us back to martial law years. He will share his story and first-hand experiences so that we will all remember the dark years of our country and learn from the lessons of history.

Thank you for joining us today, stay strong and healthy!

Bong

7.

Rotary Notes

PP Benny P. De Guzman

A day after the 50th anniversary of the proclamation of martial law, it is timely to recall that the late PP Teddy Yabut who was the 2nd club president and a fraternity bro of then President Marcos got involved in the Light A Fire Movement, a movement against the martial law government. I recall that a former bro of his requested me to accompany him to the house of PP Teddy where spouse Cota was with their children. When offered by his bro for her to bring back Teddy with a round trip first class plane tickets and proceed straight to Malacanang where Teddy will be given first class treatment, Cota's reply is one to make everyone of us proud, "Teddy was involved because of a friend and he would rather face certain death than to give up on a friend". The last days of Teddy here was with 7 of us in the Crispa team players' van provided by PP Bing Basilio. Since then, the group except for me had all gone to the Great Beyond. PPs Bing and Jing Jose, Rtns Mike Uy and Amante Galang kept Teddy company until the late Ramon Mitra was able to get him on plane that flew him to Palawan and then to Hongkong. When Cory Aquino's government came, Teddy returned but very sick already. When the late HOF/PP Rhett went visiting, Teddy said, "Don't look gloomy. Is this the first time you see a man dying?"

On the lighter side, birthday boy Dante served Asador's chicken inasal in horryfying amount as if the bird flu was coming so that all birds must go. Champ ka talaga!

Last week, there was a no Wiser presentation. The week before, HOF/PP Conrad did his piece giving his background as a sponsored frat bro of PP Celso. He eventually excelled in golf.

Rotary Notes

PP Benny P. De Guzman

Continuation 1.

He did not mention that he initiated the Hall of Fame award with no rules or qualifiers when he made the late PP Rhett the first HOF. He did not clear it also if it was his Board that decided or it was his own choice. It was a popular decision though as it was well received.

Last week, we have a very good speaker whose Filipino and English talk was so well presented that her aura of making her points were well respected by authorities on the subject. Rtn Cong Roman, Rtn Alex and many others asked questions. There were well meaning posts of PP Henry and Dir Dodie. Dr. Ani Almario-David is truly pro-country with the picture of poise and authority on the subject.

There was a marked improvement on attendance last week but still below par at below 50% of membership. Pres Bong was to make an emergency call for a meeting. May he call it soon though?

Very unusual, a week after his induction, Rtn Peter Pancho was absent. Rtn Dante is more regular after induction. Rtn Ben and Rtn Manfred are more regular in the golf course than in our Rotary meetings. Balut King Rtn Albert's very nice RCP T-shirts are being worn more often by members. Per HOF/PP Conrad, "sarap ng material pang panty, soft on the body". Akala ko kung pang panty, madaling hubarin? Soft, nice prints and nice colors. What happened to the Recto fellow PP Tito was sponsoring, naka 3 meetings ng nagback out?

Walking the Avenues

PP Jun C. Zafra

ROTARY, UKRAINE FRIENDS TO COLLABORATE ON ADDRESSING NEEDS IN UKRAINE

By Ryan Hyland

Rotary International and the U.S.-based nonprofit Ukraine Friends have agreed to collaborate to provide resources, organize logistics, and distribute funds for high-impact projects that help Ukrainians affected by the war with Russia.

RI General Secretary and CEO John Hewko and Ukraine Friends CEO Brock D. Bierman signed a memorandum of understanding in July 2022 that calls for the organizations to work together to determine the viability of potential projects, distribute funds and in-kind donations, and prioritize joint efforts.

"Rotary is delighted to expand its reach by partnering with Ukraine Friends," Hewko says. "This terrible crisis has brought out the best in Rotary — demonstrating our generosity, increasing membership in Ukraine, and now opening up new opportunities for providing vital services."

The partnership with Ukraine Friends, Hewko says, will help Rotary "do more for Ukrainians as they struggle to survive and rebuild in the months and years ahead."

Rotary has awarded 272 disaster response grants totaling \$8.9 million since the Russian invasion of Ukraine. These grants, for

PP Jun C. Zafra

Continuation 1.

club projects in 29 countries, support people in and around Ukraine who have been affected by the war. Rotary and Rotaract clubs worldwide have also donated millions more directly to Ukrainian clubs that are providing water, food, shelter, medicine, and clothing.

Ukraine Friends, the current focus of the New York-based Worldwide Friends Foundation, works in Ukraine to help people affected by the war. This includes organizing temporary housing as well as providing medical equipment and supplies such as badly needed ambulances to help treat injured civilians.

Rotary and Ukraine Friends have agreed on their first joint project, which is procuring and delivering nearly 50 ambulances to hospitals and other organizations. Rotary and Ukraine Friends have donated \$300,000 each toward the ambulances, and Rotary districts in Ukraine and Slovakia will work with Ukraine Friends to coordinate the delivery.

The collaboration between Rotary and Ukraine Friends "will have an amplifying effect and create an even larger impact on those we are trying to help," Bierman says. "The critical humanitarian assistance and medical aid to those most in need will provide Ukrainians with a helping hand exactly at the time when they need it most."

Our Guest Speaker

HON. NERI J. COLMENARES

Neri Javier Colmenares is a human rights lawyer and has combined legal action and policy advocacies for the promotion, protection and defense of human rights in the Philippines through litigation, legislation and academic work for many years as a human rights lawyer and legislator.

He was the *Senior Deputy Minority Leader* of the 16th Congress during his three terms as a member of the House of Representatives. Atty. Colmenares took up *Economics* at the San Beda University. He completed his law degree at the University of the Philippines and was awarded the *Distinguished Alumnus for Public Service* by the UP College of Law in 2016. He was appointed *Associate of the Asian Law Centre* of the University of Melbourne in 2003 where he gave lectures on the International Criminal Court (ICC) and international humanitarian law while he was taking up his PhD¹ on “*The ICC and Impunity in the Philippines*”. He was a Visiting Fellow at the *Australian National University (ANU)* in 1999 and delivered a paper on the *Alien Torts Claim Statute* and the Marcos Human Rights case. He appeared before the

1

His PhD studies were deferred when he ran and later won as seat in Congress.

Our Guest Speaker

Continuation 1.

District Court in Hawaii on the case, as one of the 10,000 human rights violations victim during martial law.

In 2017 he was appointed *Senior Associate* of the *Centre for Indonesian Law, Islam and Society* (CILIS) of the Melbourne Law School. He was previously appointed a National Officer of the Integrated Bar of the Philippines (IBP) as its *Adviser on Legislation and Advocacy* (2019-2021) and IBP's *National Adviser on Human Rights* (2021-2023).

Atty. Colmenares is currently a member of the Council of the International Bar Association-Human Rights Institute (IBAHRI). He was awarded the 2020 IBA Award for "*Outstanding Contribution by a Legal Practitioner to Human Rights*".

Atty. Colmenares' advocacy for human rights started when he became a student leader during martial law under then Pres. Ferdinand Marcos in the 1970s. Due to his advocacy for the return of student councils and school papers, as well as other human rights issues, he was ordered arrested by Pres. Marcos in 1978, heavily tortured, was imprisoned for a total of four years and was one of the youngest political prisoners at the age of 18. Upon his release from prison he continued his human rights advocacy.

Atty. Colmenares started his law practice in 1998 when he passed the Philippine Bar examinations. However, as a law intern in a law firm in 1997 he was assigned his first criminal case when he drafted the appeal for a death row convict due for execution. The Supreme Court granted the appeal and ordered the release of the convicted person.

Our Guest Speaker

Continuation 2.

As a member of Congress, Rep. Colmenares has authored human rights laws in the Philippines such as such as the (i) Anti-Torture Law; (ii) Anti-Enforced Disappearance Law; and (iii) the Law providing US\$ 200 Million for the reparation and recognition of victims of human rights violations during the Marcos Martial Law Regime. He also authored several Philippine laws for the elderly, persons with disability, the media and other public interest issues.

He was also one of the Public Prosecutors in the Impeachment Trial of then Supreme Court Chief Justice Renato Corona before the Senate Impeachment Court (2012). He was also appointed Public Prosecutor of the House of Representatives in the Impeachment of Philippine Ombudsman Merceditas Gutierrez (2011) which was aborted when she resigned.

As a human rights violation victim, having been tortured and imprisoned for 4 years under during Marcos' martial law, he argued before the *US District Court* in Hawaii in 1999 for the compensation of human rights victims in the Marcos human rights case and against the compromise agreement with the Marcoses. The Hawaii court awarded nearly US\$ 2 Billion in total for the victims of human rights violations during martial law.

Tinig Tidbits

By: PP Peter M. Javier

SOME SUGARY FACTS

Sugar slows the setting of ready-mixed concrete and some glues.

Some people claim that a teaspoon of sugar after a hot curry helps cool the spicy heat in their mouth.

The bottles used in staged fights used by stuntmen are often made of sugar, as is the 'glass' in those windows they get thrown through.

Sugar is formed by plants, to store energy, using captured sunlight during the process of photosynthesis.

A spoonful of sugar added to the water of freshly cut flowers will prolong their life.

Chemical manufacturers often used sugar to grow penicillin.

A teaspoon of sugsr contains around 15 calories.

Sugar hardens asphalt.

The sweetness of sugar is believed the only taste humans are craving. Sugar is converted to blood glucose, the fundamental fuel needed by the brain.

Sugar has been used for centuries to help heal wounds. Sugar dries the wound, thus preventing the growth of bacteria.

Tinig Tidbits

By: PP Peter M. Javier

Continuation 1.

Sugar increases the life of jams and jellies by binding the water needed by mould and yeast for growth.

Sugar, as we know it, was first used by humans around 2,500 years ago, in as early as 510 BC.

The Emperor Darius described sugar as the 'reed which gives honey without bees'.

Sugar cane became known to western Europeans during the Crusades in the 11th century AD.

Up until the 1500s sugar was so expensive it was used in tiny amounts as a medicine and a wine-sweetener, but not in food. It was presented as gifts to royalty.

In Britain sugar was commonly sold in solid cones called 'sugar loaves' and required special pliers, called 'sugar nips', to break the pieces off.

In the 1500s a 100-tonne cargo of sugar would be worth around 1 million pounds in today's prices.

ROTARY CODE OF CONDUCT

As a Rotarian, I will

1. Exemplify the core value of integrity in all behaviors and activities
2. Use my vocational experience and talents to serve in Rotary
3. Conduct all of my personal, business, and professional affairs ethically, encouraging and fostering high ethical standards as an example to others
4. Be fair in all dealings with others and treat them with the respect due to them as fellow human beings
5. Promote recognition and respect for all occupations which are useful to society
6. Offer my vocational talents: to provide opportunities for young people, to work for the relief of the special needs of others, and to improve the quality of life in my community
7. Honor the trust that Rotary and fellow Rotarians provide and not do anything that will bring dis-favor or reflect adversely on Rotary or fellow Rotarians
8. Not seek from a fellow Rotarian a privilege or advantage not normally accorded others in a business or professional relationship
