Song of the Day

IMAGINE

By: John Lennon

Imagine there's no heaven
It's easy if you try
No hell below us
Above us, only sky
Imagine all the people
Livin' for today
Ah

Imagine there's no countries
It isn't hard to do
Nothing to kill or die for
And no religion, too
Imagine all the people
Livin' life in peace
You

You may say I'm a dreamer
But I'm not the only one
I hope someday you'll join us
And the world will be as one

Imagine no possessions
I wonder if you can

Song of the Day

Continuation 1.

No need for greed or hunger
A brotherhood of man
Imagine all the people
Sharing all the world
You

You may say I'm a dreamer
But I'm not the only one
I hope someday you'll join us
And the world will live as one

From the President

Pres. Bong Paloma

Good afternoon RCP!

I am sure we all have learned from Atty. Chel's very insightful and revealing talk last week. Allow me to summarize his talk's salient points for those who missed it and refresh the memory of those who attended.

1. We are the Social Media Capital of the World with 92 Million Filipinos using various social media channels.
2. Ph is the epicenter of disinformation.
3. Disinformation is a Big Business in the Philippines
4. Disinformation breeds corruption, and corruption breeds disinformation. It is disruptive, Divisive, and Destructive.
5. Disinformation will kill our way of life & destroy our values – unless we push back.
6. We can beat Disinformation – The European Union successfully fought disinformation. They created a code of conduct on disinformation.

At the end of his talk, he issued a call for all who attended to do something about disinformation, for silence is not an option. It is not enough to be "anti-disinformation." We must develop a compelling national narrative based on our language, culture, and history. We must fight and uphold the truth, for truth enhances in a way that lies cannot. Truth is uplifting, empowering, and unifying.

From the President

Pres. Bong Paloma

Continuation 1.

We heard an inspiring truth from an educator and a human rights advocate. The talk inspired me, and guess what? We got to recite Rotary's 4-way test every week. Time for us to live it and make it a way of life, for this will promote solidarity among Filipinos and the world's citizens.

Is it the truth? Indeed!

Mabuhay ang RCP! Have a great weekend ahead.

Bong

Rotary Notes

PP Benny P. De Guzman

Last week, my column was not included. Not due to my not meeting the deadline but due to a minor oversight. Undersight pala! However, since customized ang many items, you just can't have it printed as is. There is yet work to be done. (Editor's Note: Mea culpa, mea maxima culpa PP Benny!)

Simultaneous with our luncheon meeting today is a milestone birthday celebration in another place three kilometers or less away with the ARAP also having their own fellowship there and with some of our members invited too. The 90 year old celebrant is PPA Dely Portillo, spouse of our 13th club president, the late Tom Portillo who invited 7 members of our club. PP Peping promised to bring PPA Bella but will not stay so he can be with us. Truly the best of the remaining charter members. PP Peping in his wheelchair is never absent in any Rotary affair. The only members as balae in our club were him and PP Kati de los Reyes who was supposed to be present in our 52nd Anniversary celebration as he assured his balae that he will attend. Two issues ago, I said Kati did not show up. It turned out he was there for a short while but he thought he was not in proper attire so he had to leave.

I was reminding my spouse Pura that based on our age of being over 80, we must expect at least one dying every month. Hopefully, within our club or ARAP. But January saw PPA Patsy Concepcion passing away to join the late PP Lino more than 3 decades after. Hopefully, there will be none within our group this February.

At Patsy's wake, spouse Marilen of former member Buddy Abello looked youngening but she has a 26 year old apo already. Buddy is

also youngering except for the thinning hair. Former Rtn Superman Ed Grau was there too with spouse, ARAP president Susan. For the novena mass ARAP sponsored last week, spouse Gigi of the late CM Doding Carlos, brought her van to have many spouses join the mass.

Only PPA Celia was not there as it was her birthday and PP Peter claimed exclusivity for the day. PP Bert and Rtn Chito could not believe that Ed Grau used to be our member. Former member Allan Almazar who had a bandaged left leg was there too. He was too far for me to invite him to rejoin the club.

Pres. Bong is urging members to get new one join us. How about former members who can still join?

PPs Ed Bolinao, Val Chua, Bert Blancaflor (nakalimutan na niya why resigned?). Del Viola, Chito Regino and Al Po. I understand PP Al is not keen on coming back at mas gusto daw niya ang Red Cross.

Congratulations of IPP Garrick for the Citation given to him by RI. Congratulations too to PP Rene for opening our eyes on how to reach out meaningfully when he saw a young girl with a cleft palate. I am sure her problem has been resolved or is programmed to be.

What is this I heard from another PP of another district that PRID Raffy is donating another million dollars for the renovation of a major place in RI headquarters? Recognition is for Raffy and the

Philippine Rotary, wala ang Pasig. But everytime Raffy gets a recognition, Atin Lang Yan.

Two meetings ago, we cannot forget the Australian Rotarian named Geoffrey Little who was too big for his name. He sung two long Filipino songs, the last one “May Pulis, May Pulis” was a long one.

PE Dodie, our Pangkat Leader, texted me that since I sing well, I will be in charge of the Community Singing and to also do the fining. I kidded, gusto mo pati President's Time? I will be coming a little late as I have to be at Dely Portillo's 90th birthday bash.

PRESIDENTIAL MESSAGE

Jennifer Jones
President 2022-23
February 2023

Recently, I spent time in the Nakivale refugee settlement in Uganda. As the "settlement" in its name suggests, the people living there are free to move around and integrate as best they can — one thing that makes the place unique.

I had a chance to play soccer with boys and girls from about a dozen nations and talk with women who had fled areas of conflict. It was a tapestry of human experience shared through both laughter and tears.

As I walked across a school campus at the settlement with a teacher, she shared with me the dire statistics on girls' education. Most don't get through grade school. Many are sold into child marriage to pay for food for their families. As I looked around at these young girls, I was gutted.

Our work with empowering girls and women is much more than creating equity — sometimes, it's about health or education. Other times it's about providing safety. Regardless of the path, it's always about basic human rights.

We can do more to empower girls and women, and we can expand how we share the progress Rotary members and our partners have made toward this goal.

Walking the Avenues

PP Jun C. Zafra

Continuation 1.

There is no shortage of inspiring examples of our work, from interest-free microcredit loans for women in Nigeria, to projects in India that provide girls menstrual hygiene products. Hundreds of projects are taking place across all Rotary areas of focus and are making a meaningful and often lifesaving difference.

Together, we can address the needs and inequities that girls throughout the world face daily. But we must also monitor the impact of these projects and create awareness of Rotary resources and subject matter experts, including Rotary Action Groups, The Rotary Foundation Cadre of Technical Advisers, Rotary Peace Fellows, and others.

It is especially important that we tell the stories of our initiatives that have a positive impact on the lives of women and girls. This last point is near and dear to my heart. This means sharing our stories on social media, through local news outlets, in this magazine, and wherever we can inspire others.

As you do so, it's important to provide information that helps our Rotary family connect with others who are implementing activities in their regions, as well as across the world. Let's share our successes and learn from one another — then proudly tell our stories to a larger audience.

These are exciting times in Rotary, and the world is taking notice. As we work to empower women and girls to step into their full potential, we create new pathways for membership growth and greater collaboration with partners to create positive, lasting change. Thank you for your continued action in this vital effort.

17 SURPRISING FACTS AND BENEFITS OF DRINKING COFFEE3

Continuation.

10. Coffee is great for you liver.

People who drink four cups of coffee a day are 80% less likely to develop cirrhosis, a condition that develops from several diseases affecting the liver. However, four cups of coffee is a lot, so don't drink that much. Even in smaller amounts, coffee can still help protect your liver.

11. Caffeine kicks in quickly.

It takes as little as ten minutes for you to start feeling the effects of caffeine after you take a sip of coffee. It's one of the fastest effecting foods we eat and drink!

12. Coffee can help prevent dementia and Alzheimer's.

Several studies have shown that people who drink coffee are up to 65% less likely to get Alzheimer's disease, and as a result, are also less likely to suffer from dementia.

13. The most expensive coffee on Earth is made from poop.

The most expensive coffee types in the world are made from beans that have been digested. Black Ivory costs \$50 per cup and is made from elephant poo. Luwak, aka civet, coffee is made by feeding coffee beans to mongoose, it costs \$160 per pound.

Tinig Tidbits

By: PP Peter M. Javier

Continuation 1.

14. Coffee beans were once red berries.

They grow on trees and from them, we get the coffee beans we need to make our favorite drink.

15. The first webcam in the world was invented for coffee.

The first known use of a webcam dates back to 1991, at the University of Cambridge. Scientists set a camera on their coffee pot and streamed the footage live on the web so that they would be able to see if the pot was empty or not. We should all be very happy that lazy people who want coffee exist in our world.

16. Coffee houses were once banned in England.

In 1675, King Charles II banned coffee shops and issued closing warrants, because he thought people were meeting in coffee houses to conspire against him.

17. Caffeine improves your performance when working out.

Another benefit of caffeine is that it increases your levels of adrenaline and releases fatty acids from fat tissues. This leads to better physical performances by those who consume caffeine before working out.

Wheat not Weeds

By: Rtn. Fr. Vincent Amores

The greatest proof of love and friendship

February is known as the month of love and friendship. It is interpreted as an opportunity to celebrate love and affection with our loved ones.

Love among friends, between siblings, parents and children, and from one to another as a couple manifests a deep sense of respect towards the other, of commitment, of conviction, of believing, also of giving everything without asking for anything in return; for the best of the other is desired. This is the concept of universal love.

Jesus taught us how to love unconditionally. “No one has greater love than this, that one puts his life for his friends.” - John 15:13

Every moment in life we are surrounded by different types of people, like those who befriend us only in exchange for a favor, or perhaps to ride on our social status, among other things.. Yet when we lose our possessions, they easily move away.

There are also people who offer us a sincere kind of friendship, those who do not care what we can provide. They will always be there even when we lose everything, and they

Continuation 1.

would be willing to give their lives for us. Their loyalty is priceless.

When Jesus walked on the earth He met both these types of people, those who loved Him with sincerity and loyalty and those who loved Him only for what He gave them. He knew their hearts and knew how to distinguish between those who would accompany Him until the end, and those that would lead Him to His death. He loved them all anyways. “God demonstrates his own love for us in this: While we were still sinners, Christ died for us.” -Romans 5:8

If you find yourself lacking in real friends, turn to Jesus. Not only will you find in Him the ‘more’ you are looking for in your relationships, He will also teach you to be like Him.
