Invocation

Merciful and loving Father, we entrust our day in your hands. We put all our effort in Your kindness.

We ask you to enlighten our mind and heart so that we only seek to continue building a world capable of welcoming your You in our brothers and sisters. Help us to serve others without counting the cost and without expecting something in return.

We ask this through Christ our Lord. Amen.

THE FOUR-WAY TEST

of the things we think, say or do:

1. Is it the **TRUTH**?
2. Is it **FAIR** to all concerned?
3. Will it build **GOODWILL** and **BETTER FRIENDSHIPS**?
4. Will it be **BENEFICIAL** to all concerned?

Object of Rotary

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

- First** : The development of acquaintance as an opportunity for Service;
- Second** : High Ethical standards in business and professions; the Recognition of the worthiness of all useful occupations; and the dignifying of each Rotarian's occupation as an opportunity to serve society;
- Third** : The application of the ideal of service in each Rotarian's personal, business and community life;
- Fourth** : The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.

Song of the Day

PASIG ROTARIANS

(Tune: Dancing Queen)

Woo, woo, woo, woo, woo, woo, woo, woo, woo
You can see, you can feel
Having the time of our life
Oh see us now, watch us now
Pasig Rotarians

Thursday noon and we're on the go
Meeting in a place you know
Breaking bread with one another
Getting in the swing
We come to meet with friends
Pasig Rotarians we all are
Young and old, wise and otherwise
With a sense of service
Everything we do
for the community
And when we get the chance
Pasig Rotarians
Young and old, since seventy one
Pasig Rotarians serves the need
of the community

You can see, you can feel
Having the time of our life
Oh see us now, watch us now

Song of the Day

Continuation 1

Pasig Rotarians
We're Rotarians, we're on the go
Looking for opportunities
Where we can serve our brothers
Looking beyond ourselves
We're in the search to serve
And when we get the chance
Pasig Rotarians
Young and old, since seventy one
Pasig Rotarians serves the need
of the community

You can see, you can feel
Having the time of our life
Oh see us now, watch us now
Pasig Rotarians, Pasig Rotarians

From the President

Pres. Bong Paloma

Good afternoon RCP!

First, congratulations on a successful founding anniversary celebration last Thursday evening.

Special thanks to my Board for putting up a good show, especially to PE Adolf Aran who chaired the 52nd Founding Anniversary Committee. Also to Rtn. Mads for the last minute printing of our magazine quality Tinig anniversary issue, Rtn. Albert for the balut, Rtn Anson for the Nougat and to all Rotarians who brought some whisky to share.

We had a record-breaking in terms of member and spouse attendance. And our Canadian Rotarian guests from District 7010 were pleased to have joined such a wonderful celebration. The balut demo of PP John was one of the highlights of the evening, enticing some of our guests to taste the balut bravely. However, I can sense that one of the them

is an animal lover and refused (and was disgusted watching his fellow Canadians) to eat an 18-day-old boiled duck embryo. I spoke to some who bravely took the challenge and they swear that that would be their first and last.

It was not a perfect evening (a little bit of a hiccup here and there), but given PE Adolf's baptism of fire, I give him a rating of 8 out of 10, leaving room for improvement when his term starts on July, 2023. Again, thank you for all the support and I look forward to more significant attendances in our next club and fellowship encounters.

From the President

Pres. Bong Paloma

Continuation 1.

We have successfully hosted three couples from District 7010 and a big thank you to PP John and Rtn Anson and to my wife for ensuring that our guests are safe and comfortable in the comfort of our homes. They will be with us until Jan 27 and hopefully, there will be enough time for them to immerse and learn the simple Filipino way of living and share such a wonderful memory with their fellow Rotarians when they return to Canada.

My apologies for not joining you today during our club meeting. I have an off-site sales kick-off activity in Tagaytay until Friday. Again, I leave you in the good hands of PE Adolf and my fellow MAP member, our guest speaker today, Mr. Ed Francisco. He will share some insights and tips on where you should invest (your hard-earned money) if you have extra cash for investment.

Enjoy the day and I look forward to seeing you next Thursday.

Mabuhay and RC Pasig!

Bong

Rotary Notes

PP Benny P. De Guzman

Last week, during the 52nd Anniversary of our chartering, the attendance greatly improved but still was wanting for a true Republic of the Rotary Club of Pasig.

PRID Raffy did not hide his displeasure. My own spouse Pura was complaining the spouses were not being recognized. That seems to be the urgent need of our club. If the Board did not plan well or there were short falls, without a Board of Advisers, the Board or the President could have called the HOFs of our club for urgent consultations. We missed out on the three major club affairs - the Memorial Day, the Christmas Party and the Anniversary. Even the video presentation could have been much better. The two emcees were doing great but with the limitations, they could not make do with ad libs. Better I will leave?

The Canadian visitor enjoyed the party though. The music was good and the presence of many invited PDGs added glitter to the affair.

Tinig hopes that CM/PP Esto is not on sick bay as he missed a very important affair. So much so as there are only three of them remaining charter members. PP Kati de los Reyes, a charter member who per his balae PP Peping committed to attend but did not show up. Per PP Peping, PP Kati remarried but he was a long time widower naman.

It was nice seeing CM/PP Arjan in an RCP polo barong. PP Totoy and devoted spouse Fe both in their 90s I brought along. But Totoy, already 97 in September did not want to stay out very late.

Rotary Notes

PP Benny P. De Guzman

Continuation 1.

Rtn Anson was so kind to give out one can of nougat for all the lady guests. This time we did not have DIs but the dance floor was aplenty with dancing couples. Even the visitors were lively on the dance floor.

I announced a Ten Thousand Pesos prize for the Pangkat with a perfect attendance. If the winner or winners will not avail of the prize money for themselves and they will donate to the club instead, I will add my own Five Thousand Pesos. PE Adolf claimed that Pangkat 6 won. But PP Ferd, a member, was not around. The fact that he was still in the US is not a valid excuse for their failing to get the 100% present required. But If he will drop his US citizenship, puede pa.

PPs Hermie, Esto and Ner were not around also. Though he did not get his presidency from our club, the host of the venue, PP Toti also was not present. It was his birthday then.

I was going to congratulate Pangkat 2 headed by PN Dodie till I read I was a member. PN Dodie has invited for our meeting a feisty senator, Risa Hontiveros for our meeting next week but in the evening. Let us show better attendance as the other Zone clubs will be invited. Truly, we are a Republic!

Tinig congratulates the Lady of PRID Raffy, Minda for being a direct kin of Dona Enriqueta de Peralta of Dingras, Iloilo, who led the women's right of suffrage and proponent of Mother's Day. Both Raffy and Minda are grandchildren of noble folks. Raffy's grandpa was among the first Filipino graduates of West Point..

LEVERAGING EXPERTISE: SHELTERBOX

ShelterBox: A desire to help, a global relief partner, opportunities to respond after disasters

ShelterBox, an internationally known disaster relief organization and one of Rotary's key partners, originated as a Rotary club project that aimed to help eight to 10 families a year.

But support from Rotary members and clubs during the past two decades has helped ShelterBox achieve the flexibility and scale to serve more than 2 million people who have survived environmental disasters and conflicts around the world.

It's "a shining example of what Rotarians and Rotaractors are able to accomplish" as Rotary and ShelterBox work together and leverage each other's expertise, says Alex Youlten, the Rotary partnership manager at ShelterBox.

Rotary members have an enormous role in ShelterBox's response strategy. The first call ShelterBox makes after a disaster is often to a local Rotary or Rotaract club in order to activate their extensive networks. And many of ShelterBox deployments involve Rotary members.

Aid from ShelterBox can arrive in many different ways, sometimes in signature green crates or as kits that may be hand-delivered by volunteer teams that travel by boat, helicopter, tuk-tuk, or foot to get to wherever the resources are needed. The boxes, which include both ShelterBox and Rotary logos, contain family-sized, weather-appropriate tents designed to withstand the

elements and equipment like solar lights and cooking sets.

Beyond those who volunteer for direct response work (which requires a rigorous training program) Rotary acts as a "response multiplier." This means Rotary members provide situational updates, help ShelterBox responders understand local events, and connect the responders with drivers, other transportation, accommodations, and interpreters. Rotary members help resolve customs and import challenges, organize storage or warehouse space, introduce ShelterBox teams to key local or central government figures, and more.

Rotary clubs and volunteers also play a critical role in the long-term response. These community-based leaders work with people on the lengthy effort to build a sustainable recovery — especially after emergency response agencies have completed their core work of stabilizing the community.

"Shelter is a process, not a product," Youlten notes. "We focus on emergency shelter and supporting communities in staying together so people have both the physical and emotional space to think about what comes next. But we're also providing combinations of aid, packaged in a variety of ways, to better meet the needs of the people we support. Our partnership with Rotary is fundamental to the work of helping a community get back on track."

The exchange of knowledge between the organizations goes both ways. Rotary and Rotaract clubs learn from ShelterBox experts how to convert good intentions and the desire to act quickly into a durable and effective response that is based on logistics preparation, community needs, and coordinated communication with our partners.

Walking the Avenues

PP Jun C. Zafra

Continuation 2.

ShelterBox, with an emphasis on monitoring, evaluation, and using community feedback to continuously improve, also helps Rotary and its members stay current on the best practices in disaster response while providing clubs with an example of how to be an organization that learns and adapts.

What's ahead for ShelterBox and Rotary? The need for our partnership shows no sign of abating, as the disasters brought about by climate change will likely overshadow those that stem from global conflict. Flooding is expected to be the leading cause of weather-related disasters in many parts of the world. Warming oceans will bring heavier rain to places unaccustomed to it. Other places will face more deadly droughts, like the one in East Africa that has left up to 50 million people facing food insecurity and driven more than 1 million Somalis from their homes. ShelterBox's research predicts that 167 million homes could be lost to climate change in the next 20 years.

Better responses to these needs will come from better preparation. That's why ShelterBox is eager to work with Rotary and Rotaract clubs to be proactive, ensure that solid networks are in place, and help members be ready to put the most up-to-date practices into action at the international, district, and club levels — and with Rotaract and Interact members — to create lasting solutions.

"Rotary members have incredibly powerful voices," Youlten says. "And when we have as many conversations as possible about the ShelterBox partnership, so much could be better in the world."

7 FANTASTIC WAYS ONIONS CAN HELP IMPROVE YOUR HEALTH

1. **They Can Calm Colic:** Age-old remedy suggests giving the child a teaspoon of onion water. Simply boil an onion on a pot of water.
2. **They Can Soothe a Sore Throat:** Try eating a few slices of raw or pickled onions as onions are known for their antibacterial powers.
3. **They Can Cool Sunburn:** To heal your sunburn faster, apply a generous layer of onion juice to the affected areas.
4. **They Can Reduce a Fever:** Simply throw a couple of pieces in each sock, and by morning, you should feel much better. It's actually best to keep as close to your feet as possible.
5. **They Can Help You Sleep Better:** Cut up an onion and place it in a glass beside your bed. Every time you wake up or find yourself sleepless, take a sniff of the onion.
6. **They Can Help Relieve Bee Stings:** If you ever end up getting stung by a bee, simply slice up an onion and hold it to the sting. The onion's natural antibacterial properties will help remove the toxins from the sting, making it hurt less.
7. **They Can Ward off Mosquitoes:** Just rub some onion juice on your exposed area. Mosquitoes hate the smell.

Leading the Way

The best thing about great thinkers is that some of their insights are so great and true that they do not go out of style and can be rethought and applied again, even if the years go by. Something like this happens with St. Thomas of Aquinas, a well-loved saint whose feast is celebrated every 28th of January.

Nowadays becoming an influencer is a trend. But without knowing, being an influencer is not just a thing of the present: throughout history there have been hundreds of people who, for different reasons, have marked generations and defined new paths that have made us grow as a civilization. The examples are many and varied: scientists, theorists, philosophers, mathematicians, sociologists, etc. Their struggle to improve our knowledge has become a benefit for society, and a drive towards improvement and evolution.

Thomas Aquinas was an influencer because he revolutionized in his time the way of transmitting knowledge and explaining what surrounds us, and his ideas are still fully valid and current. One of his best-known works was precisely *Summa Theologiae*, where the problem of knowledge and its transmission is raised. According to this obra maestra, St Thomas Aquinas stressed that “the teacher should not communicate knowledge to the student but help him to form within himself a knowledge similar to his own”.

Therefore, he teaches us educating is leading, guiding, helping each person fulfill the purpose for which they are made, come to fulfill that dream of his being person. And behind that aspiration,

rooted in what we are as people, which gives meaning to life because it guides it. There is always for Saint Thomas a supernatural look: the awareness of a gift received, beginning with being, life, life spiritual, to which we can respond to get closer to our ultimate goal, God.

In one way or another, in our daily life, be it in our homes, in our communities, in our workplace, we are educating, leading, and helping others. In our own simple ways, we are sowing a seed in the other. Thus, we are called to real influencers, contributors of building a humane society.

Let us never grow weary in spreading kindness and in leading others to the right path. We ask for the intercession of St Thomas of Aquinas to guide us in this endeavor.

To be an influencer, you have to love people before you can try to lead them.
