Invocation

Lord,

As we celebrate our Foundation Anniversary, we ask You not only to bless us but also to be with us as our Honored Guest. We thank You for the Strength that You lent us in facing and overcoming challenges that came in our way. We thank You for the Joy that we felt in serving our brethren above ourselves. And we thank you for the Love that we affirm in each other as fellow Rotarians and friends who live the Mission-Vision of our Club. All these and others we thank through Christ our Lord. Amen.

THE FOUR-WAY TEST

of the things we think, say or do:

4. Is it the **TRUTH**?
2. Is it **FAIR** to all concerned?
3. Will it build **GOODWILL** and **BETTER FRIENDSHIPS**?
4. Will it be **BENEFICIAL** to all concerned?

Object of Rotary

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

- First :** The development of acquaintance as an opportunity for Service;
- Second :** High Ethical standards in business and professions; the Recognition of the worthiness of all useful occupations; and the dignifying of each Rotarian's occupation as an opportunity to serve society;
- Third :** The application of the ideal of service in each Rotarian's personal, business and community life;
- Fourth :** The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.

Greetings to RC Pasig! Tita Vcky and I extend our felicitations and warmest congratulations on the occasion of the celebration of the 53rd Charter Anniversary of your Club!

We have a saying in the vernacular, "Habang tumatanda, dapat may katatandaang makabuluhan!" This saying truly reverberates if we look at the stellar achievements and accomplishments of your club and its distinguished members over a span of more than five decades. Your remarkable social projects over the years characteristically are not of the "flash in the pan" variety, but are rather long-term, far-reaching and sustainable. You have built houses for the poor and the needy in our communities. You have provided them with free integrated health care by establishing health clinics or even local hospitals. You have immensely supported basic education of our school children. You have done meaningful collaboration with local government leaders which translate to more effective delivery of social services to our people. Your unending support to The Rotary Foundation, its grants, programs and causes are worthy of emulation by other Rotary Clubs. These, and many more! And on a more personal level, you have brought immeasurable pride and honor to District 3800 by producing the first ever and only R.I. Director coming from the district!

As you continue your remarkable Rotary journey, Tita Vcky and I implore the Almighty that RC Pasig and all its members be given sustained wisdom, enhanced energy and continued

good fortune and blessings so that they may continue to take action to create lasting change in the world, in our communities and in ourselves.

Mabuhay ang RC Pasig! Mabuhay ang RID 3800!

Hope Is Here!

RONALD 'POPE' O. SOLIS
District Governor

From the President

Pres. Adolf Aran

Fifty three years ago, a group of young men made a a hallmark decision to form the Rotary Club of Pasig. Armed with a mission to serve the community of Pasig, which was then part of the province of Rizal.

Today we honor three of them, two of which are still actively with us, and one who sadly, left us last December 2023. That bold decision to establish an organization that will be of service amidst camaraderie and fellowship, that is the reason for our celebration of this milestone.

We give thanks to our past Presidents Peping Mabanta, Arjan Ramnani, the late Esto Lichauco, and the other charters members who came before us. We give thanks to all those who were part of RC Pasig along the way, one way or another, who gave their time, talent and treasure. And we give thanks to our current active roster of members who continue this legacy of service.

Let me take this opportunity to thank all those who gave life to the meaning of service, especially this Rotary Year of creating hope in the world. For those who gave until it hurts. For those who gave their hard earned funds. For those who don't have anything to give, yet prayed so hard, and gave so much hope, to the people we serve.

Mula sa mga taong ating pinagsisibilhan at patuloy na pagsisilbihan, lalong lalo na yung mga nawawalan ng pag-asa, isang taus pusong pasasalamat sa ating lahat.

Maligayang limampu't tatlong taong anibersaryo, Rotary Club of Pasig!

Rotary Notes

PP Benny P. De Guzman

As we celebrate the 53rd Anniversary of our club's chartering, we have to salute our two surviving charter members, PP Peping Mabanta and PP Arjan Ramnani. A month ago and a week before his 95th birthday, CM/PP Esto Lichauco joined the 86 other members who have gone. We have twenty past presidents of our club who have passed away and about eighty seven from about two hundred Rotarians who joined and left the club. We are now 100 members strong. With the numerous community projects, we have earned our place in this great City of Pasig. The continuing projects for the Rizal High School and Pamantasan ng Lungsod ng Pasig, our Pasig Rotary GK Village, our Ilugin Clinic and our Luxid Rotary Microfinance & Credit Cooperative are our mainstream projects.

Many are calling us an irreverent club. Even PDG Pepe Peralta was not spared our unpopish remarks, When I joined the club long before martial law was declared, I felt the logic of the club's irreverence. During the official visit of the district governor, he addressed the club as a parochial club and the club president allowed him. The following week, he realized that parochial was not a compliment but instead the opposite and he and his Board declared the governor as persona non grata. Our ninongs rushed to the club to dissuade the Board. But we maintained our ground. Masama pala to be called parochial.

During my induction as club president, I had the fortune of having the Governor to come from our club. I requested his

indulgence since I will be inviting my mother and it would be nice if my own brother, a practicing lawyer will induct me. Our Governor readily agreed although he was the guest of honor and principal speaker. I asked a family friend, a very good lawyer and member of our club to be the emcee. The opening statement of the emcee that the night was very important to an officer after a series of failures prompted the Governor to grab the mike and insisted “only once” not even realizing that the emcee was not referring to him. The Governor threatened the next day, July 1 that the district will not have a governor unless we change the emcee. Irreverent? Even to fellow members. That incident took its toll but not by losing a governor nor my not my assuming office. My mother gave me my Paul Harris pin as a gift. Then P11,000 lang yon.

Since I started about those who have gone, let me repeat sad stories of our members. Two of our members died by gunshots. The first to go was at his farm in Nueva Ecija while giving money to his farmers. He was shot with his own gun. The other, easily the biggest of our former members, was while a thief was robbing him at gunpoint when he entered his car. He fought off the thief but the gun went off. The car landed on the side of the road and his raising of his hands for help did not get the attention of his townmates in Bulacan. They thought he was just drunk as did not notice his bleeding. He was found dead within the hour. And a reminded to those with head injuries dismissing it as minor. We lost two members in freak accidents and both were laughing off the incidents. Both died of brain injuries within a week of their accidents. One went blind first and was

telling the doctors that he would rather die than go blind as six days after the freak accident, he was still driving his car with good eyesight. He'd rather die than go blind. He got both within the day.

We will have better news on our 54th and 55th Aniversaries. Stay well all of you!

ROTARY PARTNERSHIP WITH THE UNITED NATIONS PUTS THE FOCUS ON WATERWAYS

A new collaboration with the United Nations Environment Programme empowers Rotary members to clean up, protect, and monitor their local waterways. The strategic partnership aligns with both the UN's Sustainable Development Goals and Rotary's environment area of focus.

The partnership "brings together Rotary's community-based solutions and UNEP's technical expertise," RI President-elect Stephanie Urchick said when announcing the partnership on 10 January. She spoke at Rotary's International Assembly, the organization's gathering of incoming district governors.

At the center of the partnership is a program enabling Rotary and Rotaract clubs to make commitments to the health of their own nearby waterways. Called Community Action for Fresh Water, the program will encourage clubs to organize river cleanup days, raise awareness in their communities about the importance of healthy waterways, conduct basic water quality tests, and report their findings.

These locally based activities are crucial to protecting the environment on a global scale, says Rafael Peralta, regional director and representative for the UNEP's office for North America.

"The protection, management, and restoration of freshwater ecosystems is fundamental to combating the triple planetary crises: the crisis of climate change, the crisis of biodiversity

PP Jun C. Zafra

loss, and the crisis of pollution and waste,” Peralta said at the announcement ceremony. “As populations develop and economies expand, so too does the demand for fresh water. This puts freshwater ecosystems under increasing pressure.”

This partnership builds on a pilot program, Adopt a River for Sustainable Development, begun in 2020 by UNEP and Rotary District 9212 (Eritrea, Ethiopia, Kenya, and South Sudan). In addition, Rotary and Rotaract clubs around the world have often worked independently to clean up freshwater ecosystems.

“Healthy watersheds help biodiversity, forests, wetlands, and lakes. They help agriculture, help the economy, recharge the aquifers, and provide water to millions of people around the world,” said Salvador Rico, a member of The Rotary Foundation Cadre of Technical Advisers. “A contaminated river and a damaged watershed make the area prone to fires, cause droughts, cause diseases, affect the economy of nearby communities, and contribute to climate change.”

The Rotary Foundation is funding program costs over the course of three years, with the potential for continued support. Clubs can use district funds or apply for global grants to pay for their activities.

To participate, Rotary and Rotaract clubs can identify a local body of water (river, lake, wetland, or natural reservoir) and commit to protecting and restoring it. They can then engage with the local community and other relevant groups to identify any major threats to the body of water and ultimately develop a plan of action in coordination with nongovernmental organizations, private enterprises, or government agencies.

Why I Continue To Be A Pasig Rotarian

PP CELSO YLAGAN

Inducted Oct. 8, 1992

Three decades ago, I was introduced to Rotary by PP Romy Manuel, a client, who's known for his "first the good news and then the bad news" wit and humor. My impression of the Rotary Club of Pasig then was one of overwhelming awe because its membership ranged from ranking government officials, doctors, businessmen and entrepreneurs – visionaries in their respective fields of profession. And I liked it and enjoyed their companionship and camaraderie notwithstanding their stature outside Rotary. In RC Pasig, one becomes a member of a big family – my family of choice – where respect and disrespect abound, where laughter and sadness intertwine, but most of all, where a sense of belonging and oneness despite disparate minds permeates.

I like and continue to remain a member of RC Pasig because it provides me the opportunity to listen and learn from the weekly presentations of our guests, thus widening my perspective and view towards life, politics, religion and arts and culture. I like and continue to remain an RC Pasig Rotarian because its weekly club meetings are so structured such that wit and humor are interspersed with formality, decorum and courtesy.

I like and continue to remain a member of RC Pasig because it teaches me how to be aware of the plight and hopelessness of people who never had the chance to rise from their forlorn circumstances, and how best to help and serve them.

For these reasons, I am, and will always be a Pasig Rotarian.

The Rotary is not my life. But the Rotary Club of Pasig is in mine. For good. It has provided me the vehicle in my journey of trying to be a Man for Others. The ride has not always been pleasant. Sometimes frustrating and bumpy. But it has always been inspiring and fulfilling, especially in the company of icons like Rhett Ermita and Esto Lichauco. Humble and quintessential Rotarians who have taught me service above and beyond self, friendship beyond camaraderie, fulfillment beyond accomplishment, the journey and not the destination. For this continuing life's lesson, I can only remain a Pasighn8 Rotarian and wear its badge with pride, honor, and gratitude.

- To know and meet more people
- To be of service, even in a small way, to the community where I live
- To enjoy the company of more friends
- I would also like to see the Rotarians who will lead our club after the next five or six more years.

In early 2021 my father, former Secretary and RCP Rotarian, Ike Ona, suggested that I join the Rotary Club of Pasig (RCP). He insisted that joining RCP would be aligned with one of my life goals of giving back to my community and country. My dad told me that joining RCP would fulfill this need so in the later part of 2021, I formally join RCP.

In the beginning, it was challenging to get to know the members and what the club was all about as most of the club meetings then were done online due to the COVID pandemic lockdown. But the more I participated, the more I realized the tremendous service the club does specially to our beloved city of Pasig. The members were very supportive and welcomed me wholeheartedly. I thought it would be difficult getting to know the club members specially the senior members but I was wrong. The solution for this challenge with newer members like me is to invest my time in joining the club activities and weekly meetings. It is still a challenge for me to join weekly meetings but I try my best to block off my work calendar during weekly meetings so I can attend.

Beginning 2023, I decided to participate more in the club activities which I found fulfilling and gave me a sense of responsibility to keep these RCP activities going.

I feel that as a relatively new member of RCP, it is my responsibility to sustain the club activities by being active in club activities and help lead the club when asked.

So far, I am enjoying being part of RCP and the friends that I have made with the club members. I am excited with the club activities and how the club have made significant contributions to the country and to our local community specially to our beloved Pasig City.

I am in public service for more than two decades already. Just recently reelected as Chairman of Bgy. Oranbo. I joined Rotary about a year ago knowing that Rotary is all about helping others too specially the marginalized. It gave me a great sense of pride that I am with prominent businessmen and professionals binded together in helping community around us. I enjoy joining our service projects. Likewise our regular meeting with good speakers is worth being there. Plus a big bonus of enjoyable fellowship with you fellow RC Pasig Rotarians. I will try my best to contribute to the 3Ts to bring about more service and fellowship with you.

by the warmth and welcoming atmosphere of the club. From the moment I joined, I was greeted with open arms by fellow members and made to feel like part of the family.

One of the first things that struck me was the diverse range of individuals who make up its membership. There are people from all walks of life, each bringing their unique experiences and perspectives to the table.

The Rotary Club of Pasig has its strong sense of community and commitment to service. It is deeply involved in various local and international projects, working tirelessly to make a positive impact on the world.

In addition to the club's focus on service, I have also been struck by the strong sense of camaraderie among the members. There is a genuine sense of friendship and support that permeates the club, and it is truly heartwarming to witness. Whether we are working on a project together or simply enjoying each other's company at a social event, there is always a strong sense of unity and belonging.

Overall, becoming a member of the rotary club has been an incredibly positive experience for me. I am looking forward to continuing my journey with the club and playing my part in making a difference in the world.

I joined RCP at the height of the Covid pandemic in 2021! Just a few members logging online on Zoom, being then the norm of socializing among friends, loved ones, and peers. I did not know what to expect being a neophyte as I seldom get involved in any social club in my lifetime, more so with a group of service-oriented professionals who bonded together to support common socio-civic causes! Although I was not the youngest, I was surprised by their sense of humor, candidness, sincerity to serve the community and their welcoming demeanor!

First thing that came to my mind were, “how am I going to fit in”? Am I qualified to be a member of this prestigious club of all-male by choice, which makes it unique, unapologetic, and distinguishes itself from the rest of the Rotary Clubs! I am glad and grateful that I now a part of a fellowship that truly pursues the welfare of others who are need!

Let's Celebrate!

Rejoice in the Lord always; again I will say, rejoice. Let your reasonableness be known to everyone. The Lord is at hand; do not be anxious about anything, but in everything by prayer and supplication with thanksgiving let your requests be made known to God (Philippians 4:4-7).

We may still be climbing hard the ladder up when it comes to economic progress, but we have reasons to celebrate. In fact, I believe that it is because of the hardships or challenges that we face daily, whether in the government, corporate offices, or in our homes, that we celebrate. When we celebrate, our strength and vigor is renewed, motivation is found, and more importantly, the relationships we have with the people who celebrate with us become firmer. Thus, even in our spirituality, we should have this festive disposition as what St. Paul taught in his Letter to the Philippians for we have God who keeps alive and well.

Thus, our daily lives should be treated as a celebration despite the economic and political challenges we face. For as long as we breathe and have people we care about, let's celebrate and not worry so much. Trust in the Lord always, and in trusting the Lord we celebrate because we affirm His Presence in our lives when we do so.
